STATE OF UTAH

OLENE S. WALKER
GOVERNOR

OFFICE OF THE GOVERNOR
SALT LAKE CITY
84114-0601

GAYLE F. McKEACHNIE
LIEUTENANT GOVERNOR

December 15, 2003

My Fellow Utahns:

In my short time as governor, I have had to deal with a difficult budgetary environment. As Utah looks hopefully toward a rebounding economy, state revenues projections for FY 2005 are only slightly higher than for FY 2001. At the same time, we face increasing budgetary strains in health care, human services, and public safety – all this while preparing for a long-anticipated increase in our school age population of 145,000 additional students over a ten year period.

In the past two budget years, we have acted prudently to soften the effects of recession by using reserves to balance the budget. The silver lining from the recession is that Utah state government, which was already perhaps the most efficient and leanest in the nation, is even leaner and more efficient, but not without significant sacrifices. With the obvious cuts already made, and the most likely sources of reserve funding already nearly depleted, I have had to make difficult decisions on how to best use our limited resources in the best interest of the citizens of Utah.

The budget I am recommending does not increase taxes nor does it call for any spending cuts. However, it does require that we restore the integrity of the General Fund, which supports the basic programs of the state. We can no longer afford to build roads at the expense of education. We cannot continue to subsidize water development at the expense of children, the elderly and others in need of food and health care. We can no longer provide certain subsidies to local government at the expense of the state's core mission.

We can only accomplish these things by working together. I will need the help of the Legislature to make it happen. Together we must set the priorities and make the decisions that show fiscal prudence. We must maintain our Triple A bond rating. Utah is the best managed state in the nation, and the recommendations I am making will keep us in that enviable position.

Now is the time for leadership. Now is the time to do the right thing.

Sincerely,

A handwritten signature in cursive script that reads "Olene S. Walker".

Olene S. Walker
Governor

- FY 2004 and FY 2005 challenges
- Statewide summary tables

GOVERNOR'S BUDGET OVERVIEW

BUDGET SUMMARY

The state's total budget is approaching \$8.0 billion including federal funds, fees, licenses, and other earmarked types of revenues. These recommendations deal with the total state budget, but the primary focus is on the state funds budget, as these are discretionary dollars. State funds include the General Fund and school funds and total roughly \$3.8 billion.

The General Fund is the primary funding source for most state government operations and includes all revenue not accounted for in other funds. Its major revenue sources are sales taxes; insurance premium taxes; and beer, cigarette, liquor, and severance taxes.

School funds, which include the Uniform School Fund, are restricted to the support of education. The major revenue sources are individual income and corporate franchise taxes.

Most states do not have a separate dedicated fund for major expenditures such as education. To compare to other states and show how the majority of Utah taxpayer money is spent, the General Fund and school funds are frequently combined in this document and are referred to as state funds.

GOVERNOR'S BUDGET OVERVIEW

Utah's economy, similar to most other states' economies, has struggled the past three years. However, economic activity is stabilizing and the long-term economic outlook is favorable for a variety of reasons, including the state's diversified economy, continued population growth, and other demographic characteristics.

USA Today named Utah the best-managed state in the nation for its management of the economic downturn of the last two years. Utah was the only state to receive the newspaper's 4-star rating in each of the categories analyzed: spending restraint, bond rating, and tax system. Utah not only ranked highest, but no other western state was in the top seven and no other intermountain state was in the top 14.

Governor Walker takes her financial stewardship seriously. She has involved herself throughout the budget process. The recommendations contained in this budget represent her commitment to controlling state spending while providing for the basic education, health, and public safety needs of the state's citizens. The budget recommendations for FY 2005 focus on her budget priorities in the Walker Work Plan:

- Maintain quality education
- Restore the integrity of the General Fund

- Protect the basic services of state government
- Exercise conservative fiscal management

Governor Walker has balanced the FY 2005 budget without proposing any new taxes or cuts to existing programs. Much of the increase in the budget reflects her support of education and commitment to maintaining vital human and public safety services.

REVENUE FORECAST

The Governor's Office of Planning and Budget (GOPB), the Tax Commission, and the Office of the Legislative Fiscal Analyst reached consensus on the revised revenue estimates used for FY 2004. The FY 2005 estimates reflect the consensus of the GOPB and the Tax Commission.

Utah's revenue forecast for the General Fund and Uniform School Fund for FY 2005 is only \$24 million more than actual revenue collections

for FY 2001. State revenues have lagged behind the general recovery of the economy, which is typical. The consensus estimate for FY 2004 revenues is only \$39 million more than actual FY 2000 revenue collections.

The FY 2005 budget revenue estimate is \$104 million more than the FY 2004 authorized amount. Figure 1 shows the recent history of state revenues.

PUBLIC EDUCATION

Utah continues to rank 50th out of the 50 states in spending per pupil. Despite the lack of funding, Utah educators do a remarkable job as demonstrated by above average scores by Utah students on standardized tests.

Maintaining the quality of education in Utah will be a challenge in the coming years. Changing demographics, most notably an influx of new stu-

Figure 1
GENERAL FUND AND SCHOOL FUNDS
Revenue, FY 2000 - 2005
(In billions)

Figure 2
UTAH'S SCHOOL AGE POPULATION
 Years 1980-2013

dents, will increase the school age population in Utah nearly 30 percent in the next ten years, as indicated in Figure 2. This will bring greater ethnic diversity, with more students speaking English as a second language than ever before. Helping all these new and existing students perform at grade level will require a commitment of new resources.

*Utah's school age population
 will increase by 30 percent
 in the next decade.*

See Figure 2

Governor Walker has recommended a first step in funding Performance Plus. She recommends a reading program for first through third graders with the goal of having all students reading at grade level by the time they leave the third grade. Her recommendations include:

- A \$25 million ongoing appropriation for a statewide reading program in grades 1-3.
- A \$5 million one-time supplemental in FY 2004 to acquire testing equipment, computers, and other startup costs necessary for the program.

In addition, Governor Walker has recommended a 2.54 percent increase in the Weighted Pupil Unit (WPU) for salary and benefit increases for teachers and staff.

HIGHER EDUCATION

Governor Walker proposes that remedial education at the state's colleges and universities be a self-supporting program. Students taking remedial classes must pay the full cost of those classes. She is proposing intent language requiring the Board of Regents to develop a remedial education program. Savings from the implementation of the program will be available to the Board of Regents to distribute to the institutions as an incentive.

GENERAL FUND

Governor Walker has proposed a balanced budget without tax increases. She recognizes the need to restore the integrity of the General Fund and recommends redirecting tax revenues back to the General Fund. In times of plenty, tax revenues were earmarked and diverted away from the General Fund. Additionally, taxes were cut and cer-

tain exemptions from taxes were established. Structural imbalance and mounting pressure for basic state services and programs has increased the need for restoring General Fund revenues. The following are some of her recommendations for restoring the integrity of the General Fund.

Roads

Each of us pays for constructing and maintaining roads through gas taxes and motor vehicle registration fees. During the economic expansion of the 1990s, we began using General Fund money for highways. Since 1991, \$1.044 billion of General Fund (largely sales tax) monies were appropriated for state and local roads. Figure 3 shows the accumulation of General Fund monies used for roads. Governor Walker is recommending that \$59.6 million of General Fund and \$5.1 million of 1/64 cent sales tax used in the Centennial Highway Fund, as well as the \$18.743 million of 1/16 cent earmarked

Figure 3
CUMULATIVE TOTAL OF SALES TAX USED
FOR TRANSPORTATION SINCE FY 1991

Includes General Fund appropriations, 1/64th cent Olympic sales tax, and 1/16th cent sales tax for class B and class C roads.

Figure 4
WHERE STATE FUNDS ARE SPENT BY CATEGORY
 General Fund and School Funds, FY 1996 - 2004

sales tax for local class B and class C (B&C) county and city roads, be returned to the General Fund. However, the governor recommends the appropriation of \$15 million of one-time money to the Centennial Highway Fund for FY 2005.

Governor Walker recognizes that this proposal will require the deferral or elimination of certain Centennial Highway Projects. However, the appropriation of General Fund to the Centennial Highway Fund has reduced the funding available for public education, higher education, and other areas.

The appropriation of General Fund for B&C local roads has also reduced revenues needed for state purposes. For example, state employees' salaries have increased only 22.4 percent in the last eight years, while salaries for employees of Salt Lake, Davis, Washington, Weber, and Utah counties have increased between 34 and 48.6 percent.

Figure 4 shows the state budget from FY 1996 to the appropriations for FY 2004. The top section of each bar represents the amount of General Fund money used for transportation.

Figure 5
INCREASE IN ROAD FUNDS
 Local vs. State

City and county roads have been built and maintained in part with General Fund dollars (largely sales tax). Figure 5 shows the increase in state authorizations and subsidies to B&C roads versus the increase in transportation funds for state roads.

The rate of increase in the state support for city and county roads is higher than the rate of increase the state has received for its own roads.

Water

Water is necessary for the state's future economic growth. It is a scarce resource that must be used wisely. The state's goal is to reduce per capita water demand from public community systems 25 percent before the year 2050. In the past few

Figure 6
STATE WATER USE
CONTINUES TO DECLINE

Water use has decreased 14% from 2000 to 2003.

Figure 7

Money Measures

Public Education

Lowest per pupil spending in the country

Water

Water loan funds contain \$250 million from the General Fund and also receive \$14.35 million a year from the General Fund

Roads

\$1.044 billion spent on roads from the General Fund since 1991

years we have made substantial progress toward our goal. Since 2000 Utahns have reduced water consumption by 14 percent through conservation measures. Figure 6 shows the reduced water consumption. Water conservation buys us time, but does not eliminate the need for new development projects in the future.

Figure 8
HOW WE
CURRENTLY PAY
FOR WATER
DEVELOPMENT
PROJECTS
Sources of revenue in the Utah water system

As shown in Figure 8, the rate we pay for the water we use is only 59 percent of the total cost of developing and transporting the water to our homes. The other 41 percent comes primarily from the taxes we pay at the federal (23 percent), state (4.0 percent), and local (14 percent) levels. From a 1/16 cent portion of the sales tax, \$14.35 million is earmarked for water loan funds. Governor Walker acknowledges the need to continue developing new sources of water to support economic activity in the state. She also believes, however, that users of water should pay the costs of development. The governor recommends the water loan funds be supported by a user charge included in the basic water rate. This will allow the majority of the 1/16 cent sales tax to be returned to the General Fund to support public education, higher education, and other areas.

Figure 9
HISTORIC UTAH INHERITANCE TAX COLLECTIONS

Other Issues

Tax Changes — Governor Walker supports changing other taxes that are reduced because of federal legislation or used to subsidize local government, thus taking away from state purposes. These taxes include the estate tax, which should be decoupled from the federal tax code. Figure 9 shows the projected revenue loss to the state if the inheritance tax remains tied to the federal tax code. Without these changes the state will lose \$12 million of estimated revenue in FY 2005.

In addition, the portions of insurance premium taxes that subsidize local government should be redirected back into the General Fund. The insurance premium tax has grown from \$3.5 million in

1994 to \$9.5 million in 2002. Almost all of this tax benefits local governments, not state programs.

Quarterly Filing — The majority of taxes paid to the state and federal government are remitted on a monthly and quarterly basis. Sales taxes are paid monthly by large retailers and quarterly by smaller entities. Corporate franchise tax is remitted to the state and federal governments on a quarterly basis. Personal income taxes withheld from an employee's pay are sent monthly. Excepted from this standard are individuals who are self-employed. These individuals must pay the federal government quarterly but the state annually. Governor Walker proposes that individuals filing estimated income tax returns begin making quarterly payments to the state. This change will generate \$30 million of one-time money and also assist in making more accurate revenue estimates.

Tax Account Receivables — A recent legislative audit of the Tax Commission showed \$135 million of delinquent accounts receivable. The governor recommends hiring 11 new FTEs, including auditors and collectors, at a cost of \$600,000 to assist in the collection of these delinquent receivables. Each collector on average returns \$1.1 million yearly. The governor includes \$10 million for newly collected receivables in her State Fiscal Plan.

Tax Reform — The governor has announced that an action plan for tax reform will be developed by August 2004. To that end, she has announced a comprehensive tax reform effort involving eight tax policy advisors. The state cannot maintain structural balance and support the projected growth in Utah's school age population without tax reform. Her plan includes the following principles:

- Be fair, just, and balanced
- Support a business-friendly environment
- Focus on funding critical needs — primarily education
- Have structural balance — the state must maintain its bond rating
- Be a tax system for the 21st Century
- Balance state and local obligations and revenue sources

HUMAN AND PUBLIC SAFETY SERVICES

Governor Walker is committed to maintaining state services that are basic to the health and safety of our citizens. The economic slowdown has put additional pressure on government services requiring additional state funds. The state faces increasing costs in Medicaid (the health care program for low income individuals), food stamps, foster care, and other federal mandates. Figure 10 shows the increase in caseload for Medicaid services.

The governor has also recommended the purchase of the Oxbow Jail from Salt Lake County to be used as a women's correction facility. Figure 11 shows the projected need for additional beds in the female corrections system.

Figure 10
SLOW ECONOMY, RISING
MEDICAID CASELOAD

Caseload growth is projected to average 10 percent a year from FY 2001 to FY 2005.

COMPENSATION

The state has not funded pay increases for state employees for two years. A recent survey by the Department of Human Resource Management showed that employees' salaries average 18.1 percent below the local and western states markets. Of 106 benchmark positions, only 24 did not require an adjustment of the salary range midpoint. Additionally, higher premium and copayments for health and dental insurance have reduced employees' take home pay. As a result of low salaries, the state is experiencing increased employee turnover. Low salaries make it difficult to fill positions with qualified individuals.

Governor Walker recommends a 2.0 percent cost-of-living adjustment (COLA) for public education, state, and higher education employees. She also recommends the state cover the large increases in the retirement rate of 13.82 percent weighted average, the health insurance rate of 5.02 percent, and the dental insurance rates of 4.26 percent. The increases equate to \$60.6 million for public education teachers and staff in the form of a 2.54 percent

Figure 11
GROWTH IN FEMALE INCARCERATED POPULATION

increase in the WPU (\$36 million for health, dental, and COLA) and \$24.6 million for retirement; \$19.9 million for state employees; and \$26 million for higher education faculty and staff.

FISCAL MANAGEMENT

Bond Rating — Utah's AAA bond rating is a consideration in all financial decisions. Governor Walker realizes that the state has issued large amounts of debt in the past seven years to build highways and buildings. She has focused on maintaining structural balance and minimizing debt issuance in her proposed budget.

Governor Walker recommends that \$25 million of one-time FY 2004 money be transferred to the Budget Reserve Fund (Rainy Day Fund). This will help insure that the state retains a AAA bond rating.

Bonding — The state has issued an increased amount of debt the past two years replacing cash appropriations. Governor Walker is proposing \$102 million of general obligation bonds for highways

Figure 12
BOND CAPITAL FACILITIES PROJECT LIST

Capitol restoration	\$50,000,000
Oxbow Jail	11,203,000
General Obligation Bonds	\$61,203,000

Liquor stores	
Replace, expand, and new	7,945,000
State Building Ownership Authority	
Revenue Bonds	\$16,859,000
Total	\$78,062,000

and \$61.2 million of general obligation bonds for capital facilities in FY 2005. In FY 2005 the state will pay off \$136.3 million of general obligation bonds. The governor also recommends that \$16.8 million of lease revenue bonds be issued by the State Building Ownership Authority to construct new state facilities. See Figure 12 for a listing of

Figure 13
UTAH ECONOMIC INDICATORS
2002 - 2004

Source: Council of Economic Advisors' Revenue Assumptions Committee

projects for both general obligation and lease revenue bonds. Based on Governor Walker's recommendations for FY 2005 and the structure of the state's debt, debt service payments for capital facilities general obligation bonds will decrease \$12.8 million in FY 2006.

ECONOMIC FORECASTS

The Council of Economic Advisors provides input and reviews the basic assumptions that lead to the governor's revenue forecasts. Members of the council represent the GOPB, the Office of the Legislative Fiscal Analyst, Wells Fargo Bank, Federal Reserve Bank of San Francisco, Utah Foundation, University of Utah, Utah State University, Brigham Young University, and various state agencies. Detailed information concerning

Utah's economy and its outlook may be found in the 2004 Economic Report to the Governor (available January 2004).

Utah's economy is currently struggling along with the national economy. Figure 13 shows projected growth in economic indicators for Utah. It also shows estimated unemployment rates. The following data are for the calendar years indicated:

Population — The current state population is estimated at 2.4 million and is forecasted to grow by 2.0 percent in 2004, while the U.S. population will grow at a rate of 0.9 percent. Utah experienced net in-migration of about 9,900 people in 2003 and expects net in-migration of about 10,600 people in 2004.

Figure 14
INCREASES AND DECREASES BY AREA
 General Fund and School Funds, FY 2004

Figure 15
INCREASES AND DECREASES BY AREA
 General Fund and School Funds, FY 2005

Employment — Utah employment is projected to decrease 0.1 percent in 2003 but increase 1.4 percent in 2004 and 2.3 percent in 2005. Meanwhile, the national employment growth rate should increase by 1.1 percent in 2004. The state's 2004 unemployment rate is projected at 5.4 percent, compared to 5.9 percent nationally.

Personal Income — Utahns' personal income growth will be slightly lower than the national average. State personal income grew 2.2 percent in 2002 and is projected to grow 2.0 percent in 2003 and 4.0 percent in 2004. Nationally, personal income will grow 2.2 percent in 2003 and 5.2 percent in 2004.

Retail Sales — The retail sales growth rate is expected to increase slightly from 2.1 percent in 2003 to 3.5 percent in 2004. Nationally, the growth rate will increase 5.6 percent in 2003 and by 4.4 percent in 2004.

Utah's economy slowed somewhat in 2002 and 2003. Utah's slowdown was a part of a national and global recession. Current expectations of the economic community are that growth will resume at a moderate rate during the first half of 2004. Service industries will remain the largest source of new jobs in the state.

FY 2004 AND FY 2005 CHALLENGES

A struggling economy, both locally and nationally, continues to make balancing the FY 2004 budget challenging. Revenue estimates for FY 2004 show a \$37 million revenue shortfall. Fortunately, Utah received a one-time payment of \$38 million in FY 2004 as part of the federal Jobs and Growth Tax Relief Reconciliation Act of 2003. Another portion of the act provides Utah with an additional \$32 million in federal funds for FY 2004 that will be used for the Medicaid program. This additional funding will result in some General Fund

remaining at the end of FY 2004, which will be carried forward to fund pressing needs, including \$18 million in Medicaid caseload growth and inflation increases.

The modest increases recommended for the FY 2005 budget are shown in the following: (1) Figures 14 and 15, (2) Table 1 in Summary form, (3) tables 7 and 10 by department, and (4) the tables in the Recommendations by Department section in detail.

APPROPRIATIONS LIMIT

Section 63-38c-201 through 205, UCA, limits how much the state can spend from the General, Uniform School, and Transportation funds. The limit allows state spending to increase only as population, personal income, and inflation increase. The budget recommendations for both FY 2004 and FY 2005 are within the limit.

BUDGET RESERVE FUND AND EDUCATION BUDGET RESERVE FUND

For additional budget stabilization, the state maintains the Budget Reserve Fund (Rainy Day Fund). The Rainy Day Fund was created within the General Fund by the 1986 legislature, pursuant to House Bill 13, *Surplus Revenue Trust Fund* (Walker, O.). These funds can only be used to cover operating deficits, retroactive tax refunds, and settlement agreements approved by the legislature. In addition to interest earnings, 25 percent of any General Fund surplus is transferred to the Rainy Day Fund. And until the fund has been replenished for FY 2002 reductions, an additional 25 percent of any General Fund surplus is transferred to the Rainy Day Fund.

The 2003 legislature, pursuant to House Bill 27, *Budget Reserve Account Amendments* (Buttars, Craig), created the Education Budget Reserve Fund

within the Uniform School Fund. The Education Budget Reserve Fund is a reserve to cover operating deficits in the public and higher education systems. The Education Reserve Fund is to receive 25 percent of any surplus in the Uniform School Fund at the end of each fiscal year. The total amount that may be held in the Rainy Day Fund and the Education Reserve Fund may not exceed 6.0 percent of the combined total of appropriations for all purposes from the General Fund and the Uniform School Fund.

The balance in the Rainy Day Fund at the end of FY 2003 was \$26.6 million. Governor Walker recommends that a total of \$25 million of FY 2004 revenue be deposited into the Rainy Day Fund to rebuild the fund's balance. The new Education Budget Reserve Fund had a balance of \$601,000. The ceiling for the combined funds was \$212.1 million at FY 2003 year end.

Figure 16
WHERE STATE DOLLARS COME FROM
 General Fund and School Funds
 FY 2005

Total Budget	\$3,535,443	\$3,595,955	(\$7,490)	\$3,588,465	\$3,585,183	\$185,100	\$3,770,283	5.2%

(a) The Supplementals column represents recommended changes to Authorized FY 2004.

(b) The Recommended FY 2004 column is based on updated revenue projections and includes recommended supplemental appropriations.

(c) The Base FY 2005 column is the FY 2004 appropriated amount adjusted for one-time FY 2004 appropriations and program transfers between departments.

(d) Recommended adjustments are shown in more detail in the individual department sections of the book, and include internal service fund rate changes, employee compensation and benefit rate adjustments, and ongoing and one-time program increases.

(e) The Recommended FY 2005 column includes Governor Walker's budget recommendations for FY 2005.

(f) The percent change is the difference from the Base FY 2005 column to the Recommended FY 2005 column.

(g) The 16.2 percent increase is largely due to \$10 million to maintain the integrity of Utah's Comprehensive Health Insurance Pool for uninsurable citizens and \$4.8 million for caseload growth in the Food Stamp and General Assistance programs.

(h) The 10.2 percent increase is largely due to expansion of prison beds at CUCF in Gunnison, operational costs to open the Oxbow Jail as a women's facility, county jail reimbursement and core rate increases, and operational costs for the new Dixie Area and Canyonlands juvenile facilities.

(i) The 9.0 percent increase results largely from funding federally-mandated Medicaid costs.

(j) The 21.6 percent increase is largely for maintenance costs at outlying National Guard armories in Utah.

(k) The 34.7 percent reduction results from an ongoing transfer from base capital budgets to operating budgets to help address Utah's structural budget imbalance.

Table 6 shows the budgeted use of major state tax revenue (sales and income taxes) by state agency. It is a summary of the department tables found in a following section.

Table 7

SUMMARY OF RECOMMENDATIONS BY DEPARTMENT
FY 2004 and FY 2005 Appropriations from All Sources of Funding
(In Thousands of Dollars)

	Actual FY 2003	Authorized FY 2004	Supple- mentals (a)	Recom- mended FY 2004 (b)	Governor Walker's Recommendations			Percent Change B05-R05 (f)
					Base FY 2005 (c)	Ongoing and One-time Adj. (d)	Recom- mended FY 2005 (e)

Table 7 Continued**SUMMARY OF RECOMMENDATIONS BY DEPARTMENT
FY 2004 and 2005 Appropriations from All Sources of Funding****Continued from previous page**

- (a) The Supplementals column represents recommended changes to Authorized FY 2004.*
- (b) The Recommended FY 2004 column is based on updated revenue projections and includes recommended supplemental appropriations.*
- (c) The Base FY 2005 column is the FY 2004 appropriated amount adjusted for one-time FY 2004 appropriations, program transfers between departments, and changes in estimates of non-state funding sources.*
- (d) Recommended adjustments are shown in more detail in the individual department sections of the book, and include internal service fund rate changes, employee compensation and benefit rate adjustments, and ongoing and one-time program increases.*
- (e) The Recommended FY 2005 column includes Governor Walker's budget recommendations for FY 2005.*
- (f) The percent change is the difference from the Base FY 2005 column to the Recommended FY 2005 column.*
- (g) The 11.2 percent increase is largely the result of DCED accepting responsibility to administer the Housing and Urban Development Section 8 housing program statewide.*
- (h) The 6.8 percent increase results largely from funding federally-mandated Medicaid costs.*
- (i) The 10.5 percent decrease is mainly the result of an ongoing transfer from base capital budgets to operating budgets to help address Utah's structural budget imbalance.*

*Table 7 shows the budgeted use of all sources of funding by state agency.
It is a summary of the department tables found in a following section.*

Table 8

SUMMARY PLAN OF FINANCING BY DEPARTMENT AND SOURCES OF FUNDING

	General Fund	School Funds	Transportation Fund	Federal Funds	Dedicated Credits	Mineral Lease	Restricted/Trust Funds	Other	Property Tax	Total

GUIDE TO RECOMMENDATIONS TABLES

These tables show in detail the governor's recommendations for base budget adjustments, ongoing program appropriations, one-time program increases, and supplemental appropriations. Ongoing program appropriations authorize expenditures on a recurring basis. One-time program increases are expenditures on a non-recurring or limited basis. Supplemental appropriations are adjustments to authorized expenditures in the current fiscal year only.

Operating and Capital Budget Recommendations by Department

- Agency categories in alphabetical order
- Budget and program highlights
- Governor Walker's major budget recommendations
- Intent statements recommended by the governor for the FY 2004 supplemental appropriations act and the FY 2005 appropriations act
- Three-year comparison of operating and capital budgets
- Detailed FY 2005 base adjustments, FY 2005 ongoing and one-time appropriations, and FY 2004 supplemental appropriations

ADMINISTRATIVE SERVICES

Where Will My Taxes Go for Administrative Services?
(Figure Based on Total FY 2005 Operating Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$10 million for Finance

- Prepares the state's Comprehensive Annual Financial Report
- Operates and maintains the state's financial accounting system, and processed 12.8 million records in FY 2003
- Issued 2.6 million warrants (checks) and sent 696,887 electronic funds transfers (EFT)
- Collected \$8.9 million of debts owed the state through the FINDER system

\$4 million for Division of Facilities Construction and Management (DFCM)

- Oversaw 537 construction projects with expenditures of \$224.7 million
- Managed 354 leases with annual rentals of \$19 million

\$2 million for Capitol Preservation Board

- Provides ongoing building operation and maintenance (O&M) for seven buildings on the Capitol Hill Complex

\$2 million for Archives

- Provides storage and retrieval services on 108,100 boxes of records

\$1 million for Purchasing

- Manages statewide contracts covering \$300 million of purchases

State Funding For Finance Has Decreased While Workload Has Increased

Estimated FY99 FY00 FY01 FY02 FY03 FY04 FY05*

**The workload unit is the sum of accounting records processed, warrants issued, and EFT's sent.

The FY 2004 budget includes a one-time increase of \$3 million to upgrade the state's accounting system.

Governor's Recommendation Highlights (All Funding Sources)

- \$1.9 million - Reduce the capital budget
- \$3.0 million - FY 2004 supplemental to upgrade the state's central accounting system
- \$0.7 million - FY 2004 supplemental to loan to the counties for new election equipment

Capitol O&M Is Below Non-State Averages, But Higher Than DFCM

The Capitol costs have been higher than the DFCM average because of the age of the Capitol and the size of its grounds.

BUDGET OVERVIEW

Administrative services consists of the Department of Administrative Services (DAS) and the Office of the Capitol Preservation Board (CPB). Their primary focus is to provide specialized agency support services, eliminate unnecessary duplication of services within state government, and preserve the State Capitol building and grounds.

Administrative Services

For FY 2004 DAS received operating budget appropriations totaling \$19,397,100, including \$11,762,700 in General Fund. For FY 2005 the governor recommends DAS be appropriated \$20,178,400 in total funds, with \$11,665,400 in General Fund. From the original FY 2002 appropriation through FY 2004, ongoing reductions in state funds totaled \$11,488,100, or 52 percent. Budget cuts included a reduction of 17 positions through attrition and layoffs, elimination of funding for fleet capitalization, reduction in funding to the LeRay McAllister Critical Land Conservation Fund, and the replacement of ongoing General Fund with funding from other sources that are one time in nature.

In FY 2003 the Division of Facilities Construction and Management's (DFCM) General Fund budget of \$2,886,600 was replaced with funds from the Capital Improvement Fund, Project Reserve Fund, and Contingency Reserve Fund. Using Capital Improvement Fund for DFCM reduces funds available for capital improvement projects. Over the last few years the Project Reserve Fund and the Contingency Reserve Fund have had excess amounts available that have been used to fund DFCM Administration staff. The nature of these funds does not guarantee that funds will be available on an ongoing basis. Excess

amounts have been the result of construction prices that were lower than originally budgeted.

Capitol Preservation Board

For FY 2004 the legislature appropriated \$2,504,100 to CPB, including \$2,166,000 in General Fund. For FY 2005 the governor recommends CPB be appropriated \$2,663,300 in total funds, with \$2,332,000 in General Fund. From FY 2002 through FY 2004 ongoing General Fund reductions totaled \$378,500, or 14.7 percent.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Reduce the ongoing capital budget by \$1,851,700 for capital development projects. Funding for capital development projects will come from one-time funds or from issuing bonds.
- Provide \$3,000,000 as an FY 2004 supplemental to upgrade the state's central accounting system (FINET). The current version of the software will not be supported after July 2005. The total cost of the upgrade is estimated at \$5,000,000. The remaining balance of \$2,000,000 will come from Finance's FY 2003 nonlapsing funds.
- Provide \$700,000 as an FY 2004 supplemental for loans to counties for new election equipment. The equipment is required to comply with new election laws.

Internal Service Funds

- In FY 2005 the governor recommends full-time equivalent positions (FTEs) and capital outlay authorizations for DAS internal services funds (ISF) as indicated on the table on the following page:

ISF Description	FTE Recommended	Capital Outlay Recommended
Debt Collection	5.0	\$0
General Services	63.5	\$2,816,000
Information Technology	241.0	\$7,900,500
Fleet Operations	47.5	\$13,882,200
Risk Management	25.0	\$120,000
DFCM	121.0	\$70,500

- Recommend FY 2004 and FY 2005 rate changes presented to and approved by the ISF rate committee except for the \$45 monthly rate proposed by Fleet Operations for Public Safety Equipment. Fleet Operations will bill the actual cost of additional equipment installed on vehicles.

Other Funds

- Continue to use the Capital Improvement Fund for capital improvement staff, preventive maintenance, hazardous materials, and roofing and paving costs of \$1,507,900.
- Continue to use Project Reserve Fund and Contingency Reserve Fund for capital development staff costs of \$893,400.
- Use Project Reserve Fund and Contingency Reserve Fund for real estate staff and administrative staff costs of \$1,464,200. Eventually an ongoing General Fund appropriation should be restored to fund these costs since they are not directly related to project management.

FY 2004 PROPOSED LEGISLATIVE INTENT

Administrative Services

- Funds for the Automated Geographic Reference Center (AGRC) are nonlapsing.
- DFCM shall use funds in the Roofing Program budget to purchase an additional truck for the program.

FY 2005 PROPOSED LEGISLATIVE INTENT

Administrative Services

- Funds for the Executive Director's Office are nonlapsing.
- Funds for the Division of Archives are nonlapsing.
- Funds for DFCM are nonlapsing and will be returned to the DFCM Reserve Fund(s) that provided the funding source, on a pro rata share.
- Funds for the Division of Finance are nonlapsing and are to be used toward statewide accounting systems.
- Funds for the Judicial Conduct Commission are nonlapsing.
- Funds for Post Conviction Indigent Defense are nonlapsing.
- Funds for LeRay McAllister Critical Land Fund are nonlapsing.
- Funds for the Division of Purchasing are nonlapsing.
- Funds for AGRC are nonlapsing.
- Beginning in FY 2006 the legislature will budget the following programs under the appropriated DFCM Administration line item:

Administration, Real Estate, Capital Improvement, Capital Development, and Governor's Mansion.

- DAS ISFs may add FTEs beyond the authorized level if the addition represents a benefit to the state and a decrease of FTEs in the user agency. Total FTEs within state government shall not change with the shift of FTEs.
- The DFCM ISF may add FTEs beyond the authorized level if new facilities come online or maintenance agreements are requested. Any added FTEs will be reviewed and approved by

the legislature during the next legislative session.

- Unless inappropriate or prohibited by law, the Office of Debt Collection shall be authorized to establish reasonable costs of collection to be passed on to the debtor including attorney fees, all legal costs, and administrative costs.

Capitol Preservation Board

- Funds for the board are nonlapsing and shall be used for the design and construction costs associated with Capitol restoration.

COMMERCE AND REVENUE

Where Will My Taxes and Fees Go for Commerce and Revenue?

(Figure Based on Total FY 2005 Funding)

Figure excludes Workforce Services and enterprise funds

Highlighted Services

(Including the Governor's Recommendations)

\$66 million for the Tax Commission

- Collect \$4.8 billion in revenue in FY 2005 from over 40 various tax types

\$19 million for Alcoholic Beverage Control

- Regulate and operate the retail sales of \$170 million in alcoholic beverages throughout Utah

\$21 million for the Department of Commerce

- License 125,000 licensees in 89 classifications
- Provide technical staff and rate payer representation in the regulation of 151 utilities

\$5 million for Financial Institutions

- Monitor 130 depository institutions with assets totaling \$109 billion

\$6 million for the Insurance Commission

- Regulate 1,440 licensed insurers with annual premiums exceeding \$7.4 billion

\$2 million for the Public Service Commission

- Regulate 151 utilities with gross intrastate revenues exceeding \$2.4 billion

\$272 million for Workforce Services

- Provide financial assistance to 184,000 low income and/or unemployed households

Average Monthly Caseloads Have Risen Sharply Since FY 2001

Governor's Recommendation Highlights (All Funding Sources)

Tax Commission

- \$1.0 million - Auditors and collection agents

Comprehensive Health Insurance Pool

- \$10 million - Subsidy for uninsurable

Workforce Services

- \$2.4 million - General Assistance caseload
- \$1.4 million - Food Stamp caseload and match rate change

Where Will My Taxes Go For Workforce Services? (Figure Based on Total FY 2005 Funding)

The Unemployment Insurance and Food Stamp programs do not include benefit payments.

BUDGET OVERVIEW

The Commerce and Revenue Appropriations Subcommittee budget consists of the Labor, Public Service and Tax commissions, and the departments of Alcoholic Beverage Control, Commerce, Financial Institutions, Insurance, and Workforce Services (DWS). For FY 2004 these agencies were appropriated a total of \$442,569,500, with \$108,310,800 from the General Fund and school funds. For FY 2005 the governor recommends that these agencies be appropriated \$454,502,900, with \$124,368,900 from the General Fund and school funds.

The Tax Commission, which comprises approximately 15 percent of total subcommittee funds, collected over \$4.7 billion in state and local revenue in FY 2003. DWS, the largest agency in the subcommittee, comprises approximately 65 percent of the total funds and 51 percent of the subcommittee's General Fund. In FY 2003 DWS processed financial assistance claims for 184,000 Utah households.

From the original FY 2002 appropriation through FY 2004, these eight agencies have experienced \$15,460,600 in cuts to their programs, making up 13.7 percent of their General Fund and school funds. DWS and Tax Commission cuts of \$5,223,100 and \$8,534,100, respectively, make up the bulk of the cuts.

GOVERNOR'S RECOMMENDATIONS

Commerce

Other Funds

- Provide \$292,900 in ongoing restricted funds and six full-time equivalent positions to accommodate growth in licensing and regulation.

Insurance

General Fund

- Appropriate \$10,000,000 in ongoing funds for the Comprehensive Health Insurance Pool,

which provides insurance for uninsurable persons.

Public Service Commission

Other Funds

- Funding for the Public Service Commission comes out of the Public Utility Regulatory Fee (PURF), which is deposited into the General Fund Restricted – Commerce Service Fund. The governor recommends matching the appropriation with the deposit of the assessed fee and switching the funding source from the General Fund to restricted funds for this agency.

Tax Commission

General Fund

- Restore the \$374,600 ongoing budget reduction to fund four auditors and four collectors.
- Provide \$600,000 ongoing for 11 additional auditors and collectors who will promote compliance with tax laws.

Workforce Services

General Fund

- Provide \$454,800 in ongoing funding and \$945,200 in one-time funding for federally mandated match rate changes in the Food Stamp Employment and Training program and for Food Stamp caseload increases respectively.
- Provide \$2,424,300 one-time funding for caseload growth in General Assistance to indigent persons without children.
- Use \$6,321,000 one-time funding to add the Medicaid and Food Stamp modules to the electronic Resource Eligibility Program (e-REP).

FY 2004 PROPOSED LEGISLATIVE INTENT

Alcoholic Beverage Control

- Funds for Alcoholic Beverage Control are non-lapsing.

Commerce

- Under the terms of Section 63-38-8.1, UCA, funds are nonlapsing up to \$500,000 for computer equipment and software and \$60,000 for capital equipment or improvements.
- Unused Committee of Consumer Services funds will be transferred to the committee's Professional and Technical Services fund and are nonlapsing.
- Funds for Real Estate Education are nonlapsing.

Financial Institutions

- Under the terms of Section 63-38-8.1, UCA, restricted funds are nonlapsing up to \$30,000 for capital equipment or improvements.

Insurance

- The Insurance Fraud Division may use dedicated credits to fund a vehicle purchase for a fraud investigator.
- Under the terms of Section 63-38-8.1, UCA, funds are nonlapsing up to \$12,000 for capital equipment or improvements, \$100,000 for computer equipment and software, and \$10,000 for employee training and incentives.

Labor Commission

- Under the terms of Section 63-38-8.1, UCA, funds appropriated to the Labor Commission are nonlapsing up to \$50,000 for computer equipment and software.

Tax Commission

- The Tax Commission will carry forward unexpended funds related to implementing Streamlined Sales Tax legislation.

FY 2005 PROPOSED LEGISLATIVE INTENT**Alcoholic Beverage Control**

- Funds for Alcoholic Beverage Control are nonlapsing.

Commerce

- Unused Committee of Consumer Services funds will be transferred to the committee's Professional and Technical Services fund and are nonlapsing.
- Funds for the Division of Public Utilities - Professional and Technical Services are nonlapsing.
- Funds for Real Estate Education are nonlapsing.

Labor Commission

- Fees collected from sponsoring and holding seminars are nonlapsing.

Public Service Commission

- Funds for Administration and for Research and Analysis are nonlapsing.
- Funds for Universal Public Telecommunications Service Support are nonlapsing.

Tax Commission

- The Tax Commission will carry forward unexpended year-end balances for costs directly related to the modernization of the tax and motor vehicle systems and business processes.
- The Tax Commission will carry forward unexpended funds related to implementing Streamlined Sales Tax legislation.

Workforce Services

- Funds appropriated to DWS are nonlapsing.

CORRECTIONS (ADULT AND JUVENILE)

Where Will My Taxes Go for Corrections? (Figure Based on Total FY 2005 Funding)

Highlighted Services (Including the Governor's Recommendations)

\$155 million for Adult Corrections - Programs and Operations

- Incarcerate 6,000 inmates
- Supervise 15,000 offenders under probation or parole

\$19 million for Jail Contracting

- House 1,168 inmates in county jails

\$11 million for Jail Reimbursement

- Fund a daily average of 828 beds in county jails as a condition of probation

\$92 million for Juvenile Justice Services

- Provide services for approximately 1,800 juveniles per day, including 232 juvenile offenders in secure facilities
- Genesis work crews perform 87,500 hours of work, which represents a return of over \$450,000 in services to the community

\$3 million for the Board of Pardons and Parole

- Five member board conducts 11,600 hearings annually

Projected Adult Inmate Population Is 70% Higher Than FY 1995 Population

Governor's Recommendation Highlights (All Funding Sources)

- \$9.4 million - New Oxbow women's prison O&M
- \$0.7 million - Add 12 new probation and parole agents
- \$1.8 million - Growth in jail reimbursement
- \$1.8 million - Full-year operational costs for the Canyonlands youth facility in Blanding and the Dixie Area Detention facility in St. George

Projected Youth Custody Population Is 82% Higher Than FY 1995 Population

BUDGET OVERVIEW

Corrections agencies include the Department of Corrections, the Board of Pardons and Parole, the Youth Parole Authority, and the Division of Juvenile Justice Services (formerly known as the Division of Youth Corrections). The Division of Juvenile Justice Services is a part of the Department of Human Services but is included here for budget purposes. These agencies protect the public, provide rehabilitation programs for young offenders, and provide adult offenders with skills training to enhance their prospects for success after release.

For FY 2004 the legislature appropriated \$273,247,000, including \$246,032,100 in General Fund, to these agencies. For FY 2005 the governor recommends correction agencies receive \$296,654,100 with \$270,204,400 from the General Fund. This is a 9.8 percent increase in General Fund. As shown in the pie chart on the previous page, the major component of the corrections budget is the Programs and Operations line item of Adult Corrections, which is projected to provide supervision for 21,000 offenders under its jurisdiction.

Adult Corrections

From the original FY 2002 ongoing General Fund appropriation through FY 2004, a total of \$8,818,300, or 4.8 percent, in reductions have been made. These cuts have required actions to eliminate funding for 500 prison beds, eliminate administrative positions, use funds from the Crime Victim Reparations Trust Fund, and shift payment for the Promontory facility lease revenue bond from corrections to the Department of Administrative Services' capital budget.

During this same period, the salaries of adult correctional officers have lagged behind the general job market. The State of Utah must compete with other county and city law enforcement salaries. After state correctional officers are trained by the

Department of Corrections, many of the employees transfer to county or city law enforcement where salaries are higher. In addition, it is very difficult to recruit medical staff at the Draper prison facility because state salary rates for medical personnel are not competitive with the private sector.

Board of Pardons and Parole

Since the original FY 2002 ongoing appropriation, a total of \$298,400, or 11.5 percent, in reductions have been made. These cuts have required actions to eliminate a receptionist position, reduce psychological assessments of sex offenders, decrease contracts for defense attorneys, and implement across-the-board administrative cuts.

Juvenile Justice Services

Since the original FY 2002 ongoing appropriation a total of \$8,820,300, or 12 percent, in reductions have been made. These cuts required lowering overhead costs through actions to consolidate programs; reduce services in residential programs; eliminate contributions for Families, Agencies, and Communities Together (FACT); reduce services in the state supervision program; and eliminate funding for 38 beds. A recent market comparability salary survey showed that youth correctional counselor salaries are also 19 percent below the market rate.

GOVERNOR'S RECOMMENDATIONS

Adult Corrections

General Fund

- Include \$9,379,400 in ongoing funds to operate the new 550 bed Oxbow women's prison. The female inmate population is growing at an annual rate of 9.0 percent. The purchase and renovation of the Salt Lake County Oxbow jail will facilitate specific female programming as well as provide additional growth for male inmates at the Draper prison (See the Capital

Budget section for recommendations on the purchase of the Oxbow facility).

- Provide \$2,199,700 in ongoing funds to continue to operate the 192 bed Central Utah Correctional Facility pod at Gunnison, which opened in October 2003.
- Add 12 probation and parole agents to supervise felony offenders in the community at a cost of \$569,500 in ongoing funds and \$105,000 in one-time FY 2005 funding.
- Provide \$1,863,100 in ongoing funds to the counties to pay for increased inmate core costs associated with jail contracting and jail reimbursement.
- Provide \$1,806,700 in ongoing funds to the counties to pay for costs associated with the increased growth in jail reimbursement.

Juvenile Justice Services

General Fund

- Include \$1,815,300 in ongoing funds to pay for full-year operational costs of the Canyonlands (located in Blanding) and Dixie Area Detention (located in St. George) youth facilities. Blanding opened in May 2003, and Dixie will open in the second quarter of 2004.

FY 2004 PROPOSED LEGISLATIVE INTENT

Juvenile Justice Services

- The division may use nonlapsing funds to purchase two vehicles for use at the Dixie Area Detention center.

FY 2005 PROPOSED LEGISLATIVE INTENT

Adult Corrections

- The Department of Corrections shall have authority to transfer up to \$500,000 in FY 2004 nonlapsing funds from the Programs and Operations line item for use by correctional industries. The funding can only be used to support offender work programs that teach inmates useful skills or provide the state with an important service.
- The department may reallocate resources internally to fund additional probation and parole agents. For every two agents hired, the legislature grants permission to purchase one vehicle.
- Funds for the Department of Corrections - Programs and Operations are nonlapsing.
- Funds for the Department of Corrections - Department Medical Services are nonlapsing.
- Funds for the Department of Corrections - Jail Contracting are nonlapsing.
- Funds for the Department of Corrections - Jail Reimbursement are nonlapsing.

Board of Pardons and Parole

- Funds for the board are nonlapsing.

Juvenile Justice Services

- Funds for the division are nonlapsing.
- Funds for Juvenile Justice Services - Youth Parole Authority are nonlapsing.

Highlighted Services

(Including the Governor's Recommendations)

\$34 million for District Court

- Handles 264,000 cases, including 21,500 domestic case filings

\$29 million for Juvenile Court

- Receives 50,000 juvenile court referrals
- Receives 3,900 dependency, neglect, and abuse referrals

\$19 million for Contracts and Leases

- Provides funding for 54 lease facilities and courthouses

\$5 million for Appellate Courts

- 600 cases are filed in Supreme Court
- 800 cases are filed in Court of Appeals

District Court Felony Filings Increased 17% in FY 2003

Governor's Recommendation Highlights

(All Funding Sources)

- \$384,300 - State supervision programs in the Juvenile Court
- \$157,800 - To continue the appellate mediation program

Juvenile Court Delinquency Referrals Have Started to Increase

BUDGET OVERVIEW

The judiciary is a separate and co-equal branch of government that seeks to ensure equity and fairness for all Utah citizens through judicial review of laws and cases.

For FY 2004 the legislature appropriated \$101,121,200, including \$89,059,600 in General Fund, to courts. For FY 2005 the governor recommends that the courts receive \$105,533,700, with \$92,931,000 from the General Fund. As shown in the pie chart on the prior page, the two major components of the courts budget are the District and Juvenile courts. In FY 2003 there were 264,200 district court cases. About 20,000 cases or roughly 7.5 percent of the total were felony filings. Felony filings were up 17 percent from FY 2002. For 2003 there will be an estimated 50,500 Juvenile Court referrals, or a 9.0 percent increase.

From the original FY 2002 appropriation through FY 2004, ongoing General Fund has been reduced a total of \$6,529,300, or 6.9 percent. These reductions were achieved by cutting programs such as state supervision and drug court, freezing career ladder, and reducing funding for juror and witness fees and Guardian ad Litem programs. Other reductions were obtained by increasing reliance on restricted accounts instead of General Fund and implementing other administrative cost savings.

During this period of budget reductions some employees' salaries, especially those of district court clerks and juvenile probation officers, have lagged significantly behind the general job market. Positions have been eliminated to stay within the appropriated budget levels, which resulted in increased workloads for district court clerks and juvenile probation officers. Also, judicial salaries are now approaching the bottom quartile compared to national rankings, which directly impacts the quality of applicants for judicial office. The stagnation in judicial salaries over the past two years has contributed to a decrease in the proportion of applicants with top peer ratings from 16 percent in 2002 to 6.0 percent in 2003.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Recommend \$471,400 in ongoing funds in increased contract and lease costs associated with court facilities.
- Recommend \$384,300 in ongoing funds for supervision programs in the Juvenile Court.
- Recommend \$157,800 in ongoing funds to continue the appellate mediation program.
- Recommend \$150,000 in ongoing funds and \$150,000 in FY 2004 supplemental funding for the Juror/Witness/Interpreter Fees program.

Other Funds

- Provide \$100,000 in ongoing restricted funds to expand digital recording in the courtroom.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds for the Judicial Council are nonlapsing.
- Funds for the Judicial Council/State Court Administrator - Contracts and Leases are nonlapsing.
- Under provisions of Section 67-6-2, UCA, the following salaries are approved for judicial officials for July 1, 2004 to June 30, 2005: District Court Judge, \$105,800; other judicial salaries will be calculated in accordance with the statutory formula and rounded to the nearest \$50. (These amounts reflect a recommended increase of 2.0 percent).
- Funds for the Judicial Council/State Court Administrator - Jury and Witness Program and the Judicial Council/State Court Administrator - Grand Jury Program are nonlapsing.
- Funds for the Judicial Council/State Court Administrator - Guardian ad Litem Program are nonlapsing.

ECONOMIC DEVELOPMENT AND HUMAN RESOURCES

Where Will My Taxes Go for Economic Development & Human Resources?

(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$53 million for Infrastructure Development

- Leveraged \$340 private and federal funds for every dollar in state funds to weatherize homes for 5,129 people
- Processed 34,086 applications for low income home energy assistance with an average annual utility payment of \$250

\$16 million for Cultural Development

- Conducted Literature Program workshops for 100 at-risk youth at hospitals, homeless shelters, detention centers, and alternative education facilities
- The Regional Library for the Blind circulated 272,103 cassette tapes, Braille books, large print books, and descriptive videos to 14,577 patrons during 2003

\$13 million for Economic Development

- Created 685 jobs in 20 rural counties through 43 Smart Site enterprises, which are projected to create a total of 1,900 jobs by 2005
- Created 428 jobs, paying an average salary of \$30,592, with assistance from the Industrial Assistance Fund in FY 2003

Career Service Review Board Hearing Costs Have Increased

Governor's Recommendation Highlights

(All Funding Sources)

- \$450,000 - Utah Technology Alliance
- \$10,000,000 - Project Based Section 8 Housing Assistance
- \$250,000 - Smart Sites

DBED Supports Job Growth

BUDGET OVERVIEW

Community and Economic Development

The Department of Community and Economic Development (DCED) endeavors to create quality Utah jobs, foster a productive business climate within the state, and enhance the quality of life for every citizen of the state.

For FY 2004 the legislature appropriated \$72,864,100, including \$31,955,500 in General Fund, to DCED. For FY 2005 the governor recommends that DCED receive \$81,946,700, with \$30,277,900 from the General Fund. As shown on the pie chart on the previous page, the majority of DCED's budget pays for infrastructure development to help communities become socially, physically, and culturally self-sufficient.

From the original FY 2002 appropriation through FY 2004, DCED has experienced \$4,416,900 in cuts to its programs, or 13.5 percent of its original ongoing FY 2002 budget. The department reduced 24 positions, or 6.0 percent of the total number of full-time equivalent positions.

During this period, some state employees' salaries have lagged significantly behind the general job market. For instance, many employees' salaries need to be increased six steps, or 13.5 percent, to bring them to the minimum of the range that is within 90 percent of market. This means that the salaries are 23.5 percent less than the market's mid-point salary.

Human Resource Management

The Department of Human Resource Management (DHRM) manages state employee classification, compensation, recruitment, selection, and development.

For FY 2004 the legislature appropriated \$3,231,200 to DHRM, including \$2,888,200 in General Fund. For FY 2005 the governor recom-

mends that DHRM receive \$3,343,900, with \$2,879,300 from the General Fund.

From the original FY 2002 appropriation through FY 2004, DHRM has experienced \$338,900 in cuts to its programs, which is equal to 10.5 percent of its original FY 2002 General Fund base budget. They have reduced three positions from their original number of 40 positions, which is a 7.5 percent reduction.

Career Service Review Board

The Career Service Review Board (CSRB) administers state employee grievances and appeal procedures and mediates disputes between agencies and employees.

For FY 2004 the legislature appropriated \$162,700 from the General Fund. For FY 2005 the governor recommends that CSRB receive \$217,900 from the General Fund.

From the original FY 2002 appropriation through FY 2004, CSRB has experienced \$11,400 in cuts to its program, which is equal to 6.7 percent of its original FY 2002 budget. CSRB only has two positions, so the cuts have been programmatic reductions. However, this budget is driven by caseload, and when state agencies reduce employees, CSRB caseloads grow. Cases are also being appealed more frequently, which increases department costs.

Because of its low rate of pay, CSRB has problems finding companies that will provide hearing officers for case hearings. Most hearing officers are paid anywhere from \$50 to \$200 per hour. The state pays \$37.50 per hour.

GOVERNOR'S RECOMMENDATIONS

Community and Economic Development

General Fund

- Provide \$450,000 in ongoing funds for the Utah Technology Alliance. This program has

received one-time funds since it was first implemented in FY 2001. It is designed to accelerate the emergence of Utah as a center for technology and entrepreneurship. There are now four venture capital firms in Utah. Each has approximately \$100,000,000 to invest in Utah enterprises.

- Provide \$250,000 in one-time funds for developing additional Smart Sites and to collectively market these sites to obtain more contracts and create more jobs in rural Utah. The Smart Sites have created 800 jobs since their inception in FY 2001.
- Provide \$5,000 in one-time funds for the Utah Humanities Council in FY 2005.
- Provide \$20,000 in FY 2004 supplemental funds for the Commission on Volunteers.
- Provide \$5,182,500 in FY 2004 supplemental funds for earned credits in the Industrial Assistance Fund.

Other Funds

- Provide authority to the Division of Community Development to accept \$2,500,000 in FY 2004 and \$10,000,000 in FY 2005 in federal funds to administer Section 8 project-based housing. The federal Housing and Urban Development program is divesting itself of this program, so the state has applied to administer it. This program provides approximately 4,000 assisted housing units in the state.
- Provide increased dedicated credit authority to the State Library Division to collect \$109,200 in FY 2004 and \$177,300 in FY 2005 for its services. These services include adding the Jewish Braille Institute Collection to the Multi-State Center West and providing Braille and recorded book services to Georgia and Alaska and additional bookmobile services to Box Elder County.

- Provide authority to the Pamela Atkinson Homeless Trust Fund Board to spend \$300,000 in restricted funds in FY 2004 and \$100,000 in FY 2005. The board cannot spend these previously appropriated funds unless given authority in the appropriations act.
- Provide authority to allow the Tourism Marketing Performance Fund Board to spend \$450,000 in restricted funds in FY 2004. During the 2003 General Session the legislature appropriated \$450,000 directly into the Tourism Marketing Performance Fund, but authority needs to be given to the board to spend the funds.

Human Resource Management

All Funds

- Fund health insurance premium increases for the Public Employees Health Plans (PEHP), which will increase 5.0 percent in FY 2005.
- Shift hospital inpatient and outpatient copays by 5.0 percent to minimize premium increases in FY 2005.
- Fund dental insurance premium increases, which will increase 4.3 percent in FY 2005.
- In FY 2005 there will be retirement contribution rate increases of 13.82 percent (weighted average).
- Fund DHRM's market comparability adjustment recommendations and provide a 2.0 percent cost-of-living adjustment for all state employees in FY 2005.

Career Service Review Board

General Fund

- Provide a \$50,000 supplemental for FY 2004 and an ongoing \$50,000 appropriation for FY 2005. The department has been experiencing increased costs for cases brought to the board.

FY 2005 PROPOSED LEGISLATIVE INTENT

Community and Economic Development

- Funds appropriated in each line item of DCED are nonlapsing.
- Any remaining net proceeds paid to the state from the liquidation of the Utah Technology Finance Corporation shall be deposited in the Industrial Assistance Fund.
- The Permanent Community Impact Fund Board (PCIFB) shall consider distributing one-time funding of \$385,000 equally among the seven associations of governments for planning,

studies, and other activities provided by each Association of Governments to member organizations.

Career Service Review Board

- Funds for CSRB are nonlapsing.

Human Resource Management

- Funds for DHRM are nonlapsing.
- Cost-of-living compensation increases for FY 2005 shall become effective beginning the first pay period of FY 2005.

ELECTED OFFICIALS

Where Will My Taxes Go for Elected Officials?

(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$35 million for Attorney General's Office

- Brought in over \$240 million in state revenue
- Helped establish a procedure for granting state and county rights of roads on federal lands
- Negotiated a settlement eliminating the federal designation of federal lands in Utah as wilderness study areas

\$4 million for the State Auditor's Office

- Completed all required financial and federally mandated compliance audits of the state
- Issued 70 audit reports and 30 investigation and special project reports

\$23 million for the Governor's Office

- Made significant progress in resolving rural road disputes
- Received "2003 Best of Web" award for Utah.gov's innovation and functionality
- Utah ranked as Best Financial Steward in the Nation by *USA Today*

\$2 million for the State Treasurer's Office

- Manage \$5.5 billion investment fund
- Issued \$407 million in State G.O. Bonds with an all-time historic low rate of 2.83%
- Unclaimed property returns to owners are up over 35% from prior year

Governor's Recommendation Highlights

(All Funding Sources)

- \$138,300 - Crime Victim Reparations
- \$50,000 - Utah Reads (also \$100,000 FY 2004 supplemental)
- \$152,000 - Chief Information Officer
- \$280,000 - Mid-term elections
- \$905,000 - Attorney settlement fees

Elected Officials Receive Funding from a Variety of Sources

BUDGET OVERVIEW

Utah elected officials head the Attorney General's Office, the State Auditor's Office, the Governor's Office, and the State Treasurer's Office.

For FY 2004 elected officials were appropriated a total of \$63,523,500, with \$28,286,600 from the General Fund. For FY 2005 the governor recommends that elected officials receive \$63,594,300, with \$28,484,300 from the General Fund. As shown on the pie chart on the previous page, the largest component of elected officials budget is the Attorney General's Office, with 51.5 percent of its budget coming from the General Fund.

From the original FY 2002 appropriation through FY 2004, elected officials have experienced \$4,757,300 in cuts to programs. These cuts are 15.4 percent of elected officials original FY 2002 ongoing budget. The cuts have resulted in delayed purchases of equipment and supplies and the elimination of some positions resulting in greater workloads for remaining staff.

GOVERNOR'S RECOMMENDATIONS

Attorney General

General Fund

- Provide an FY 2004 supplemental appropriation of \$905,900 to meet attorney settlement fees regarding the UEA/UPEA case (paycheck protection), *David C.* case (foster care), Utah Legal Clinic case, *Bob A* case (child welfare), and the Miners' Hospital settlement.

Governor's Office

General Fund

- Provide an FY 2005 appropriation of \$50,000 and an FY 2004 supplemental appropriation of \$100,000 to Utah Reads. These monies will enable the program to partner school and com-

munity organizations emphasizing children's reading skills.

- Provide an ongoing appropriation of \$152,000 for the Chief Information Officer, which would replace dedicated credits as recommended by the legislature in the 2003 General Session.
- Provide a one-time FY 2005 appropriation of \$280,000 for the State Elections Office to meet the costs of printing the voter pamphlet.
- Provide an FY 2004 supplemental appropriation of \$85,000 for gubernatorial transition items. These funds cover expenses for the transfer of executive power.

Other Funds

- Provide federal funds of \$31,000, dedicated credits of \$9,000, and restricted funds of \$98,300 for Crime Victim Reparations staff and office space. These funds will enable staff to effectively manage grants and programming.

FY 2004 PROPOSED LEGISLATIVE INTENT

Attorney General

- Any increases in funding sources and personnel cost billings to state agencies utilized by the Attorney General's Office shall be reviewed and approved by the legislature in the appropriations process.
- Funding for raises in the Attorney General's Office shall be reviewed and approved by the legislature.

FY 2005 PROPOSED LEGISLATIVE INTENT

Governor's Office

- Funds for the Governor's Office are nonlapsing.

- Funds for the State Elections Office are nonlapsing.
- Funds for the Governor's Emergency Fund are nonlapsing.
- Funds for RS 2477 Rights of Way are nonlapsing.
- Funds expended from the RS 2477 fund are to be used for litigation designed to quiet title to existing rights of way established before 1976 under RS 2477 guidelines. The governor or her designee shall present a report to the legislature during each general session detailing activities funded within this line item.
- The Governor's Office - RS 2477 Rights of Way program shall provide the Department of Natural Resources up to \$150,000 from the appropriation the program receives from the Constitutional Defense Restricted Account to pay legal costs associated with public lands issues other than those directly associated with the RS 2477 Rights of Way program. The Department of Natural Resources shall provide consultation to the Office of the Governor on these issues.
- Funds for the Governor's Office of Planning and Budget are nonlapsing.
- Funds for the Commission on Criminal and Juvenile Justice are nonlapsing.
- Funds for the Chief Information Officer are nonlapsing.

State Auditor

- Funds for the State Auditor's Office are nonlapsing.

State Treasurer

- Funds for the State Treasurer's Office are nonlapsing.

Attorney General

- Funds for the Attorney General's Office are nonlapsing.
- Funds for contract attorneys are nonlapsing.
- Funds for the Children's Justice Centers are nonlapsing.
- Funds for the Prosecution Council are nonlapsing.
- Funds for the prevention of domestic violence are nonlapsing.
- Any increases in funding sources and personnel cost billings to state agencies utilized by the Attorney General's Office shall be reviewed and approved by the legislature in the appropriations process.
- Funding for raises in the Attorney General's Office shall be reviewed and approved by the legislature.

(a) In addition to the amount listed in the Authorized FY 2004 column, Governor Walker recommends \$905,900 from the General Fund to the Attorney General's Office to meet attorney fees for the UEA/UPFA, David C., Utah Legal Clinic, Bob A. and Miner's Hospital settlements. The governor also recommends \$100,000 from the General Fund to the Governor's Office for Utah Reads, \$35,000 from the General Fund to the Governor's Office for gubernatorial transition items, and a reduction of \$18,500 in General Fund from the Attorney General's Office for internal service fund rate adjustments.

(b) As per statute, the Elected Officials' request is included without changes. They do not include compensation increases except for \$3,216,100 requested by the Attorney General for attorney compensation increases.

(a) In addition to the amount listed in the Authorized FY 2004 column, Governor Walker recommends \$905,900 from the General Fund to the Attorney General's Office to meet attorney fees for the UEA/USPEA, David C., Utah Legal Clinic, Bob A. and Miner's Hospital settlements. The governor also recommends \$100,000 from the General Fund to the Governor's Office for Utah Reads, \$85,000 from the General Fund to the Governor's Office for gubernatorial transition items, and a reduction of \$18,500 in General Fund from the Attorney General's Office for internal service fund rate adjustments.

(b) As per statute, the Elected Officials' request is included without changes. They do not include compensation increases except for \$3,216,100 requested by the Attorney General for attorney compensation increases.

ENVIRONMENTAL QUALITY

Where Will My Taxes and Fees Go for Environmental Quality?

(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$43 million for Environmental Quality

- Protects public health and the environment from the harmful effects of air pollution
- Oversees the state's public drinking water systems and protects the public against water-borne health risks, altogether a total of 1,850 water sources
- Monitors approximately 220 licensees and 2,500 facilities, from dentist offices to hospitals, that have registered X-ray units
- Ensures proper management of solid and hazardous waste
- Aids in protecting surface and ground water quality of more than 16,000 miles of rivers and streams, 3,000 lakes and reservoirs, and approximately 510,000 acres of wetlands
- Implements waste cleanup plans and coordinates the agency's response to spills and accidents that threaten the environment

General Fund Has Remained Relatively Unchanged

Funding increases have been in restricted funds and collections.

Governor's Recommendation Highlights

(All Funding Sources)

- \$500,000 - High-level nuclear waste opposition
- \$87,200 - Cost recovery attorney

FTE Growth Has Remained Relatively Flat For Over Ten Years

BUDGET OVERVIEW

The Utah Department of Environmental Quality's (DEQ) mission is to safeguard human health and quality of life by protecting and enhancing the environment.

For FY 2004 the legislature appropriated \$40,789,000, including \$9,238,800 in General Fund, to DEQ. For FY 2005 the governor recommends that DEQ receive \$42,500,300, with \$9,562,600 from the General Fund. As shown on the pie chart on the previous page, DEQ has six major divisions.

From the original FY 2002 appropriation through FY 2004, DEQ has experienced \$1,666,800 in ongoing General Fund cuts to its programs. These cuts are 16.7 percent of DEQ's original ongoing General Fund budget for FY 2002. DEQ has been able to absorb most of these cuts by increasing fees where appropriate and reducing administrative costs such as travel and training. However, activities of some programs, including the used oil program and air monitoring program, have been reduced.

DEQ has always had a difficult time hiring certain positions due to the specialty of the job and the limited number of individuals qualified for specialty positions. State wages lag significantly behind the private sector making it even more difficult to hire qualified individuals or retain those who have been trained by the department.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Increase funding for the high-level nuclear waste opposition office by \$500,000 in FY 2004. These funds are necessary to continue establishing the state's position against high-level nuclear waste coming to Utah.
- To help restore the integrity of the General Fund, the governor recommends allocating to the General Fund the sales tax designated for the waste water loan program and the drinking water loan program.

FY 2004 PROPOSED LEGISLATIVE INTENT

- Funds appropriated for the purpose of addressing high-level nuclear waste are nonlapsing.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Any unexpended groundwater permit administration fees are nonlapsing and authorized for use in the program in the following fiscal year to reduce the fees charged.
- Any unexpended funds in the air operating permit program are nonlapsing and authorized for use in the program in the following fiscal year to reduce emission fees charged.

HEALTH

Where Will My Taxes Go for Health?

(Figure Based on Total FY 2005 Funding)

Slow Economy, Rising Medicaid Caseload

Caseload growth is projected to average 10 percent a year from FY 2001 to FY 2005.

Highlighted Services

(Including the Governor's Recommendations)

\$1.5 billion for Medicaid

- Health care for 180,000 individuals
- Primary health care for 25,000 individuals

\$98 million for Community and Family Health

- Tobacco cessation services for 6,000 smokers
- 118,000 vaccine doses for children and adults
- Cancer screening for 8,000 women

\$37 million for Children's Health Insurance (CHIP)

- Health and dental care for 29,000 children

\$15 million for Epidemiology and Lab Services

- Detection and investigation of communicable diseases, including *E. coli* and influenza
- Enhanced capacity to rapidly detect and respond to bioterrorism events

\$14 million for Health Systems Improvement

- Basic health and safety inspections in 682 health care and 2,700 child care facilities
- Statewide efforts to reduce the estimated 327 deaths/year due to medical errors in hospitals

\$29 million for other services, such as local health department funding

Governor's Recommendation Highlights

(All Funding Sources)

Medicaid

- \$69.3 million - Caseload growth
- \$35.9 million - Inflation increases
- Revenues of \$4.2 million - Nursing care facilities match
- Savings of \$2.3 million - Program initiatives

Medicaid Drug Costs Have Greatly Outpaced Inflation

Because Medicaid's prices on existing drugs can only rise as fast as inflation, the use of new drugs drives the cost per prescription higher.

BUDGET OVERVIEW

The Department of Health (Health) seeks to protect the public's health by preventing avoidable disease and injury, assuring access to quality health care, promoting healthy lifestyles, and monitoring health trends and events. Health manages the state's Medicaid program, which provides health care for low-income or disabled individuals and pays for 28 percent of the nearly 50,000 annual births in the state. The department also manages other health care programs and provides an array of public health services.

For FY 2004 the legislature appropriated \$1,462,964,400, including \$263,764,700 in General Fund, to Health. For FY 2005 the governor recommends that Health receive \$1,664,275,400, with \$287,452,200 from the General Fund. As shown on the pie chart on the previous page, the majority of Health's budget pays for the Medicaid program, which receives nearly three-fourths of its funding from federal funds.

From the original FY 2002 appropriation through FY 2004, Health has experienced \$26,221,600 in General Fund cuts to its programs, which represent 11.4 percent of Health's original, ongoing appropriation for FY 2002. These cuts have eliminated optional Medicaid services such as adult dental and vision coverage. Health has had to eliminate 15 positions for employees who administer the Medicaid program, while Medicaid caseload is estimated to grow 46.4 percent from FY 2001 to FY 2005. In addition, 25 local public health nurse positions were cut when funding for the Families, Agencies, and Communities Together program (FACT) was eliminated.

State employees have not received a salary increase for the last two years. As a result, some employees' salaries have lagged significantly behind the general job market. For instance, during a recent process to fill a financial audit position, Health identified eight qualified candidates for the position. However, those applicants' current

salaries were on average \$13,600 more than what Health's audit position offered. Other divisions report that low salaries for nurses often limit their hiring to candidates with little experience. These inexperienced hires do not possess the specialty skills that would be helpful in dealing with mental retardation or pediatric cases.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Fund Medicaid utilization, caseload growth, and the federal match rate change with \$14,701,800 in General Fund and \$54,613,600 in other funds. As the economy improves and unemployment declines, FY 2005 caseload growth likely will not be as rapid as it was in FY 2003. Utah also received a favorable match rate change in FY 2005, which will require fewer state funds to draw down federal funds. A discussion of the FY 2004 federal fiscal relief can be found on page 12 of the Governor's Budget Overview.
- Reduce Medicaid's ongoing funding by \$486,000 and increase federal funds by \$36,000 as a result of cost saving efforts. A portion of these savings will be achieved through the application of the federal match to inpatient physician services for the Primary Care Network. These services previously had been paid only from the General Fund. Health will achieve additional savings by increasing efforts to collect payments from private insurers that provide coverage to some Medicaid clients.
- Provide \$407,600 in General Fund and \$1,049,800 in other funds to give certain Medicaid programs, including federally qualified health centers and Medicare Crossover, mandated increases for inflation.
- Provide \$3,446,600 in General Fund and \$8,877,100 in federal funds to provide a Medicaid reimbursement increase for nursing care facilities. The cost of this increase and the

nursing care facilities' portion of the pharmacy inflation will be offset by a \$4,200,000 match provided by the nursing care facilities.

- Increase Medicaid funding by \$4,531,200 in General Fund and \$15,721,100 in other funds to cover 12 percent pharmacy inflation. In October 2003 the Executive Appropriations Committee of the legislature voted not to support a pharmacy initiative that would require prior approval on some drugs in selected drug classes. However, this initiative has been well supported by the Medicaid client community and is projected to save \$421,400 in General Fund for FY 2005. The governor recommends that Health proceed with the initiative in order to reduce pharmacy inflation from 12 to 11 percent.

Other Funds

- Change state statute to direct 70 percent of FY 2005 and FY 2006 tobacco settlement payments to the Tobacco Settlement Restricted Account. This change is required to maintain the \$2,000,000 allocation from the account that funds immunization, cancer control, and health promotion programs. Without this funding, the state may lose over \$5,000,000 in corresponding federal funds and would have to eliminate the programs.

FY 2004 PROPOSED LEGISLATIVE INTENT

- Funds for electronic Resource Eligibility Program (e-REP) enhancements are non-lapsing.

FY 2005 PROPOSED LEGISLATIVE INTENT

- The Office of the Medical Examiner will charge scheduled fees, except that no fees will be charged for state criminal cases.
- Fees collected for the purpose of plan reviews by the Bureau of Licensing are nonlapsing.
- Funds for the Primary Care Health Grants are nonlapsing.
- Funds for alcohol, tobacco, and other drug prevention, reduction, cessation, and control programs are nonlapsing.
- Civil money penalties collected for child care and health care provider violations are nonlapsing.
- The Early Intervention program will have a sliding fee schedule for children's services.
- Funds for e-REP enhancements are non-lapsing.
- The Medicaid program will continue to reimburse nursing care facilities based on the Resource Utilization Group System (RUGS). In addition, the program will maintain a property payments rule that phases out over a three year period ending December 31, 2005. The payments will be based on varying individual nursing care facility property costs.

HIGHER EDUCATION

Where Will My Taxes Go for Higher Education? (Figure Based on Total FY 2005 Funding)

Highlighted Services (Including the Governor's Recommendations)

\$901 million for the Utah System of Higher Education

- About 128,000 students attend Utah's nine traditional colleges and universities
- Faculty and staff bring about \$425 million in external research and development grants

\$44 million for the Utah College of Applied Technology

- UCAT's nine campuses train over 50,000 adults and 13,000 secondary students in over 100 skill areas
- UCAT provides over 250,000 hours of Custom Fit training to employees of business and industry

\$20 million for the Utah Education Network

- Nearly 6,200 high school and college students take classes through the EDNET videoconferencing system
- Traffic more than doubles every 18 months on UEN's Wide Area Network, which provides over 200 mission-critical network applications for Utah school and colleges

State Funds Lagged Behind Student Enrollment

Governor Walker proposes to narrow the gap.

Governor's Recommendation Highlights (All Funding Sources)

\$39.0 million in total new funds

- A 4.0% increase over FY 2004
- \$26 million for benefits and compensation

\$24.9 million in new state tax funds, including:

- \$2.5 million - USHE enrollment growth
- \$1.5 million - USHE Operations & Maintenance
- \$1.5 million - Engineering initiative
- \$0.3 million - New Century scholarships
- \$0.5 million - UCAT facilities leases

Most USHE Funds Help Students Directly

BUDGET OVERVIEW

Higher education includes nine colleges and universities in the Utah System of Higher Education (USHE), nine applied technology campuses in the Utah College of Applied Technology, the Utah Education Network, and the Medical Education Council. These agencies provide academic, professional, and applied technology learning opportunities designed to advance the intellectual, cultural, social, and economic well-being of the state and its people.

For FY 2004 higher education received appropriations totaling \$927,993,700, including \$618,121,000 in state funds (General Fund and school funds). For FY 2005 the governor recommends that higher education receive a total of \$965,261,000, with \$642,826,600 from state funds. As shown in a pie chart on the preceding page, over 90 percent of the total would be appropriated to USHE.

Higher education has suffered from reductions associated with downturns in the state and national economies. State fund reductions from the original FY 2002 appropriation through FY 2004 total \$56,401,900, or 8.4 percent. These reductions make it harder for colleges and universities to recruit and retain the high-quality teaching and research faculty that are key to the social and economic well-being of the state. Data in the 2003-2004 Almanac issue of the *Chronicle of Higher Education* show Utah to be 32nd in the nation in average salary paid to professors. The nearby states of Nevada, Arizona, and Colorado are in the top 20.

Tuition has been increased to offset reductions in state funds. From the 2000-01 to 2003-04 school year, Dixie College tuition for resident undergraduates increased 19.1 percent, and the increase for six other higher education institutions was between 23.6 and 30.8 percent. At SUU and UVSC resident undergraduate tuition increased 44.6 and 54.8 percent, respectively.

GOVERNOR'S RECOMMENDATIONS

Utah System of Higher Education

General Fund

- Appropriate ongoing funds of \$28,411,800, including \$19,113,100 in General Fund and school funds, for direct instruction, benefit adjustments, and a compensation adjustment.
- Provide \$1,500,000 ongoing funds to fund at least 76 percent of the total costs needed for operations and maintenance of each new and upgraded facility in FY 2005.
- Continue the state's engineering initiative with an appropriation of a \$500,000 one-time supplemental for FY 2004 and \$1,000,000 in ongoing funds for FY 2005.
- Provide \$750,000 ongoing funds to the regents for board initiatives, including additional nursing faculty, with funds to be matched by recipient institutions with other ongoing state funds.
- Appropriate \$250,000 in ongoing funds to meet obligations to students who qualify for New Century scholarships.

Other Funds

- Appropriate \$1,100,000 ongoing dedicated credits to reflect additional tuition generated by an estimated increase of 560 full-time equivalent students at state colleges and universities.
- Allocate \$12,609,500 in dedicated credits from a first-tier tuition increase of 4.5 percent to (1) increase by \$1,267,000 the need-based student aid provided by the institutions; (2) partially match increased state funds for compensation, benefits, and student instruction; and (3) meet other system needs.

Utah College of Applied Technology

General Fund

- Appropriate \$500,000 in ongoing funds to provide Salt Lake/Tooele, Mountainland, and Southeast applied technology centers with about 57 percent of their respective requests for funds to lease facilities.
- Provide ongoing funds of \$1,178,800, including \$1,048,100 in General Fund, for benefit adjustments and the equivalent of a 2.0 percent increase in compensation.

Utah Education Network

General Fund

- Provide ongoing funds of \$205,400, including \$155,500 in General Fund, for benefit adjustments and the equivalent of a 2.0 percent increase in compensation.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds appropriated to the Utah State Board of Regents shall be used in part to develop a program for self-supporting remedial classes at colleges and universities other than UCAT.

HUMAN SERVICES

Where Will My Taxes Go for Human Services?

(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$162 million for Services for People with Disabilities

- Provided in-home and self-directed support services for 2,092 disabled individuals, and day services and supported employment for 2,500 disabled individuals
- Provided residential services at the State Developmental Center for 229 disabled individuals and in the community for 1,423 individuals

\$132 million for Child and Family Services

- Investigated 19,632 reported incidents of abuse and neglect
- Served 3,678 children in foster care settings
- Provided in-home services for 18,559 children and families

\$107 million for Substance Abuse and Mental Health

- Provided treatment to 788 individuals with severe mental illness at the Utah State Hospital
- Treated 46,051 individuals for mental illnesses and 21,878 individuals for substance abuse through local authority mental health centers and local authority substance abuse programs

\$89 million for other programs

Governor's Recommendation Highlights

(All Funding Sources)

Services for People with Disabilities

- \$4.2 million - Replace one-time funding and provide for emergency services, non-waiver services, waiver mandates, and waiting list

Child and Family Services

- \$2.3 million - Caseload growth for out-of-home care and adoption subsidies

The DCFS budget has grown from \$45.1 million (FY 1993) to \$132.4 million recommended (FY 2005).

BUDGET OVERVIEW

The Department of Human Services (Human Services), as represented here, includes all divisions and offices in the department except the Division of Juvenile Justice Services, which is included for appropriation summary purposes in the Corrections (Adult and Juvenile) section. Through its various divisions and offices the department helps individuals and families resolve personal problems.

For FY 2004 the legislature appropriated a total of \$457,096,100, including \$199,642,500 in General Fund, to Human Services. For FY 2005 the governor recommends that Human Services receive \$490,149,800, with \$206,516,300 from the General Fund. As shown in the pie chart on the previous page, the three major components of Human Services' budget are the Division of Services for People with Disabilities (DSPD), the Division of Child and Family Services (DCFS), and the Division of Substance Abuse and Mental Health (DSAMH). DSPD provides a wide range of services and assistance for citizens with disabilities. DCFS oversees abuse and neglect investigations, foster care, and domestic violence programs. DSAMH operates the Utah State Hospital for the severely mentally ill and oversees local mental health centers and substance abuse treatment and prevention services.

From the original FY 2002 appropriation, Human Services has experienced \$22,205,100 in ongoing cuts to its programs. These cuts are 10.3 percent of Human Services' ongoing budget for FY 2002. Some of the major reductions have eliminated the entire Families, Agencies, and Communities Together (FACT) program, which targeted early intervention services to children at serious risk of failure in the public school system, as well as youth requiring multiple services from multiple agencies. These cuts also removed \$1,000,000 from funding for drug courts, eliminated one geriatric unit and one forensic unit at the Utah State Hospital, reduced case management staff in both the Office of Recovery Services (ORS) and

DSPD, and eliminated adult day care services in Aging and Adult Services. In addition, significant reductions were made in Human Services' administrative functions and in funds passed through to local mental health and substance abuse authorities.

During this period, some employees' salaries have lagged significantly behind the general job market. For a number of months the State Hospital had between ten and fifteen vacant nursing positions. This lack of nursing staff became a crisis in meeting the health care needs of patients, and the State Hospital received special permission to selectively increase these salaries in order to hire nurses. No additional appropriation was provided to cover this cost, so funding for other areas in the hospital was reduced.

Staff in ORS currently carry very high caseloads with a 212 average caseload per child support agent. Vacancies in these positions have increased. However, ORS cannot leave caseloads unattended, and other staff are asked to take on these additional cases until the vacant positions are filled and the new employees trained. In this area, failure to work cases means that children do not get the benefit of their child support.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Fund \$703,900 in ongoing funds (\$265,800 of General Fund and \$438,100 of federal Medicaid funds) for operating costs of the new Rampton II building, which replaced the old Hyde Building at the Utah State Hospital.
- Replace \$350,000 in one-time funding with ongoing funds to maintain DSPD non-waiver services for 65 individuals with disabilities, who would otherwise lose those services.
- Replace \$663,500 in one-time funding with ongoing funds for DSPD Emergency Services and Multiple Crisis. This General Fund will be matched by \$1,683,100 of federal Medicaid

funds to provide \$2,346,600 in total services for 48 individuals.

- Replace \$539,300 in one-time funding with ongoing funds to pay for services required by 83 individuals currently being served in the DSPD Home- and Community-based Waiver. This General Fund will be matched by \$1,388,700 of federal Medicaid funds to provide \$1,928,000 in total services.
- Replace \$419,600 in one-time funding with ongoing funds. This General Fund will be matched by \$1,080,400 of federal Medicaid funds to provide \$1,500,000 in total additional services to 100 individuals with disabilities currently on the waiting list.
- Provide \$578,500 in ongoing funds (\$336,700 of General Fund, \$182,800 of federal Medicaid funds, and \$59,000 of other federal funds) to pay for DCFS out-of-home care for an estimated 53 additional youth.
- Provide \$1,700,100 in ongoing funds (\$628,000 of General Fund and \$1,072,100 in federal funds) to pay for a DCFS adoption assistance caseload increase of 224.
- In FY 2005 direct \$748,700 one-time to pay for court monitor costs in connection with the *David C.* child welfare lawsuit.

Other Funds

- Increase the spending authority by \$50,000 for the Domestic Violence Restricted Fund.
- Increase the spending authority by \$50,000 for the Children's Trust Fund.

FY 2004 PROPOSED LEGISLATIVE INTENT

- If funds are available, the Foster Care Citizen Review Board is authorized to not lapse funds at the end of FY 2004. These funds are to be used solely for one-time volunteer recruitment or database costs.

- Funds appropriated to Drug Courts/Drug Board from the Tobacco Settlement Restricted Account for FY 2004 are nonlapsing.
- If funds are available, DSAMH is authorized to not lapse up to \$80,000 at the end of FY 2004. These funds are for the purchase of computer equipment and software, capital equipment and improvements, and equipment and supplies.
- If funds are available, DCFS is authorized to not lapse up to \$50,000 at the end of FY 2004. These funds are for the purchase of computer equipment and software.
- If funds are available, DCFS is authorized to purchase up to six additional vehicles.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds appropriated to the Office of Technology for e-REP enhancements are nonlapsing.
- Funds appropriated to the Office of Recovery Services for e-REP enhancements are nonlapsing.
- Funds appropriated for FY 2005 for the Adoption Assistance program in DCFS are nonlapsing at the end of FY 2005 and are to be used for adoption assistance programs.
- Funds appropriated to DCFS for Adoption Assistance may be used to hire up to six positions to provide post-adoption support. This support will provide adoptive parents with information, services, and counseling in an effort to prevent adoptive placements from failing. The division will track Adoption Assistance funds transferred as well as estimated savings resulting from this effort and report back to the Health and Human Services Appropriations Subcommittee during the 2005 General Session to determine the value of continuing this post-adoption support.

Where Will My Taxes Go for Legislature?

(Figure Based on Total FY 2005 Funding)

HIGHLIGHTED SERVICES

\$5 million for House and Senate

\$5 million for Legislative Research and General Counsel

\$2 million for Legislative Fiscal Analyst

\$2 million for Legislative Auditor General

\$1 million for Legislative Printing

\$55,000 for Constitutional Revision Commission

\$50,000 for Tax Review Commission

BUDGET OVERVIEW

Legislature consists of the House of Representatives, the Senate, and the offices of Legislative Research and General Counsel and the Legislative Fiscal Analyst, Legislative Auditor General, Legislative Printing, and the Tax Review and Constitutional Revision commissions. The state legislature consists of two houses—the House of Representatives with 75 members elected to two-year terms and the Senate with 29 members elected to four-year terms. Each representative represents approximately 30,670 constituents. Each senator represents approximately 79,310 constituents.

For FY 2004 the legislature was appropriated a total of \$14,512,900, with \$14,022,000 (about 97 percent) from the General Fund. For FY 2005 the governor recommends that legislature receive \$14,600,200, with \$13,978,000 from the General Fund.

NATIONAL GUARD

Where Will My Taxes Go for National Guard?
(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$27 million for the National Guard

- Includes the Air Guard base and Camp Williams training facility
- 96 percent of the Guard's total budget flows back into the state economy
- Last year received 347 formal requests for community support
- Has 6,700 active members, with over 1,750 deployed or alerted
- Operates 19 armories throughout the state

Many Utah Guard Troops Have Been Deployed or Alerted

No other state has deployed a greater percentage of its forces in the global war on terrorism.

Governor's Recommendation Highlights

(All Funding Sources)

- \$747,900 - Armory maintenance (also \$297,900 FY 2004 supplemental)
- \$18,800 - Air Guard maintenance
- \$6,300 - Airport lease increase

State Funds are Only 2% of Total Guard Budget

The state budget only contains the joint operations portion of the total National Guard budget.

BUDGET OVERVIEW

The National Guard's mission is to provide trained and disciplined forces for domestic emergencies, to participate in community programs that add value to America, and to maintain properly trained and equipped units for prompt mobilization in case of war or natural emergencies.

For FY 2004 the legislature appropriated \$25,759,500, including \$3,981,200 in General Fund, to the National Guard. For FY 2005 the governor recommends that the National Guard receive \$27,470,400 with \$4,832,800 from the General Fund. As shown on a pie chart on the previous page, the major component of the National Guard's budget is for armory maintenance, which is used for troop training and troop facilities.

Beginning in FY 2002, the National Guard has experienced \$424,500 in General Fund cuts to its programs. These cuts are 10.4 percent of the original FY 2002 National Guard's ongoing General Fund appropriation. These cuts have severely impacted the armory maintenance program causing many of the armories to not meet state building and maintenance standards. As a result, the Department of Facilities and Construction Management (DFCM) has taken over maintenance of armories outside the Wasatch Front area.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Increase funding for armory maintenance by a supplemental of \$297,900 in FY 2004 and

\$747,900 in ongoing General Fund for FY 2005. These funds will be transferred to DFCM to pay the costs of maintaining armories. Inadequate funding has cost the state more in the long run than if maintenance had been funded at appropriate levels.

FY 2004 PROPOSED LEGISLATIVE INTENT

- If funds are available, Armory Maintenance is authorized to not lapse up to \$50,000 in FY 2004. These funds are for the purchase of computer equipment and software, capital equipment and improvements, and equipment and supplies.
- If funds are available, Veterans' Cemetery is authorized to not lapse up to \$50,000 in FY 2004. These funds are for the purchase of computer equipment and software, capital equipment and improvements, and equipment and supplies.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds for the Veterans' Nursing Home are non-lapsing.
- Funds for the Veterans' Affairs program are nonlapsing.
- Funds for the Veterans' Cemetery are nonlapsing.

NATURAL RESOURCES

Where Will My Taxes and Fees Go for Natural Resources?
(Figure Based on Total FY 2005 Funding)

Highlighted Services (Including the Governor's Recommendations)

\$44 million for Wildlife Resources

- Owns and operates 10 state fish hatcheries

\$25 million for Parks and Recreation

- Manages 41 state parks with 8 million visitors each year

\$14 million for Forestry, Fire, and State Lands

- Protected approximately \$224 million in assets from 869 fires in 2003

\$11 million for Water Resources and Rights

- Funded 37 water development projects and upgraded 22 dams in 2003

\$4 million for Endangered Species

- Helps 10 listed endangered species and 12 sensitive species each year through approximately 30 projects

\$28 million for other Natural Resources services

\$16 million for Agriculture and Food

- Protects the food supply from the farm to the consumer

\$3 million for the Utah State Fair Corporation

- Attended by 277,162 people in 2003

Mormon Crickets and Grasshoppers Are Infesting Our State

Insect infestations hurt Utah agriculture by causing crop loss and economic damage.

Governor's Recommendation Highlights (All Funding Sources)

- \$200,000 - Mormon Cricket eradication efforts
- \$200,000 - Utah State Fair ongoing operations
- \$1,000,000 - Trust Lands capital development
- \$265,000 - Fire suppression enhancement

State Water Use Continues to Decline

Water use has decreased 14% from 2000 to 2003.

BUDGET OVERVIEW

Natural resources consists of the Department of Natural Resources (DNR), the Department of Agriculture and Food (Agriculture), the School and Institutional Trust Lands Administration (SITLA), and the Utah State Fair Corporation. Their primary mission is to conserve, protect, and develop Utah's natural resources and agriculture and to effectively manage school and institutional trust lands.

For FY 2004 natural resources agencies were appropriated a total of \$136,247,900, with \$40,597,800 (29.8 percent) from the General Fund. For FY 2005 the governor recommends natural resources agencies receive \$144,680,600 total funds, of which \$42,033,500 are General Fund (29 percent). As shown on the pie chart on the preceding page, the three major components of the natural resources budget are Agriculture and the DNR divisions of Parks and Recreation (Parks) and Wildlife Resources (DWR). Federal and restricted funds make up 55 percent of the natural resources budget.

From the original FY 2002 appropriation through FY 2004, the General Fund budget for natural resources has experienced cuts totaling \$5,760,200. These cuts represent 13 percent of the original FY 2002 ongoing General Fund appropriation. In addition to General Fund budget reductions, many divisions have lower revenues due to a decrease in demand for licenses and fee services. As a result of this lost revenue, departments will not be able to offer services such as the Market News, which provides an unbiased agricultural commodity price report allowing sellers to make informed market decisions. Agencies are limited in performing the optimal quantity of meat inspections, grain inspections, and groundwater studies. Budget reductions have led to unfilled vacancies, putting additional pressure on agencies to provide the same amount of services with fewer employees.

Compensation discrepancies between the general job market and natural resources agencies have become a major issue. Engineers, biologists,

environmental health scientists, geologists, and support staff are just a few of the most underpaid. For example, Agriculture veterinarians are paid 33 percent below market. Inadequate compensation has had severe repercussions in these agencies including high turnover, inability to attract and hire qualified candidates, and rising training costs.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Enhance the eradication of Mormon Crickets and grasshoppers by providing a \$200,000 FY 2004 supplemental. The Mormon Cricket and grasshopper population is estimated to be 4.9 million in 2005 (see graph on prior page). This supplemental will be used to eliminate Mormon Crickets and grasshoppers on state lands, as well as fund a 50-50 baiting and spraying cost-share program with private landowners.
- Fund a \$200,000 FY 2004 supplemental and \$200,000 in ongoing money for FY 2005 to ensure production of the 2004 Utah State Fair.
- Recommend allocating to the General Fund the sales tax designated for the water resources loan program.

Other Funds

- Provide ongoing dedicated credit funding of \$97,000 for Lone Peak Brush Disposal Crew and \$168,000 for Initial Attack Wildland Fire Crew to prevent and contain wildland fires. This appropriation will fund 10.8 seasonal positions.
- From fees collected as dedicated credits, authorize \$10,100 in FY 2004 and \$40,300 ongoing to fund one Agriculture egg inspector.
- Allocate \$240,000 of FY 2004 supplemental restricted funds and \$1,237,200 of ongoing restricted funds generated by the Soldier Hollow golf course, as well as \$115,000

ongoing dedicated credits, to be used for startup and continuing costs for the course.

- Recommend a restricted fund appropriation of \$412,800 to Endangered Species Mitigation Fund (ESMF) due to an increase in Brine Shrimp royalties. This appropriation would partially replace previously cut general funds and increase the number of endangered species projects that can be funded. The ESMF funds projects to recover listed endangered species in Utah as well as removing threats to other species that are near being listed as endangered.
- Recommend a restricted fund supplemental of \$431,000 in FY 2004 and an increase of \$432,000 in ongoing restricted funds from the Exxon Oil Overcharge and the Stripper Well—Petroleum Violation Escrow funds for DNR administrative services.
- Use \$200,000 FY 2004 supplemental restricted funds to fund an off-highway vehicle safety advertising campaign and to facilitate cooperative efforts between park rangers and local law enforcement.
- Recommend \$25,000 ongoing restricted funding beginning in FY 2005 for the Utah Lake Comprehensive Management Plan for planning, arbitration, and litigation costs. Recommend \$18,000 FY 2004 one-time restricted fund money to improve the ramp at Little Valley Harbor to facilitate monitoring and maintaining the Great Salt Lake.
- Provide \$40,000 one-time restricted fund money in FY 2005 for the 2005 brand book renewal process. The brand book is a master catalogue kept at Agriculture showing ownership of brands and earmarks.
- Fund a \$1,000,000 FY 2004 restricted fund supplemental and a \$1,000,000 ongoing appropriation increase to SITLA's capital budget. This money will be used to continue to develop and increase value of state trust lands.

- Recommend \$40,000 ongoing restricted funding to SITLA for contract auditing services. Auditors will make certain the agency is receiving entitled royalties from SITLA energy development projects.

FY 2004 PROPOSED LEGISLATIVE INTENT

Natural Resources

- If available, funds in the divisions of Administration; Oil, Gas, and Mining; Parks and Recreation; Water Rights; and Water Resources are nonlapsing. Funds may be used for the purchase of office and computer equipment needing replacement and special projects and studies.

Agriculture and Food

- If available, funds in Agriculture and Food are nonlapsing. Funds may be used for the purchase of office and computer equipment needing replacement and special projects and studies.

FY 2005 PROPOSED LEGISLATIVE INTENT

Natural Resources

- Funds for the Bear Lake Regional Commission shall be expended only as a one-to-one match with the funds from the state of Idaho.
- DNR is allowed the option of transferring any lapsing unrestricted balances from appropriations in any other FY 2004 line item in the department to the FY 2005 Building Operations line item.
- If available, the Utah Geological Survey may pay up to \$200,000 in contributed capital to the Natural Resources Warehouse Internal Service Fund in order to pay down their existing debt on the Core Sample Library.

- Funds for the Minerals Reclamation program are nonlapsing.
- Up to \$250,000 will be spent on the Community Fisheries program. This funding is nonlapsing.
- Up to \$500,000 will be spent on the Blue Ribbon Fisheries program. This funding is nonlapsing.
- DWR will transfer \$189,700 General Fund to Agriculture. Of this transfer, \$89,700 will be used to match funds from local governments in the Predatory Animal Control program, and \$100,000 will be used to supplement the amount required by Section 4-23-9(2)(a), UCA.
- DWR will spend a minimum of \$265,000 to improve deer herds according to management plan objectives.
- Up to \$500,000 of the DWR budget may be used for big game depredation expense. Half of these funds will be from the General Fund Restricted - Wildlife Resources Account and half from General Fund. These funds are nonlapsing.
- DWR will spend a minimum of \$70,000 from the Wildlife Habitat Account as stated in Section 23-19-43(5)(a), UCA, on control of predators.
- The General Fund Restricted - Wildlife Habitat Account is nonlapsing.
- Contributed Research funds are nonlapsing.
- Cooperative Environmental Studies funds are nonlapsing.
- Donations to DWR received through the Wolf Tax check-off box on the Utah State Tax Return shall be nonlapsing and spent by the DWR as follows: 1) The division shall fully

and expeditiously compensate livestock owners, up to the amount of funds available, for all wolf depredation damage realized during the fiscal year. Up to \$20,000 shall carry forward to the next fiscal year if not spent during the current year for this purpose.
2) Donations in excess of \$20,000 and not otherwise expended or carried forward as required above, shall be available for wolf management expenditures.

- The DWR capital budget is nonlapsing.
- Any appropriation of a management fee to the This Is The Place foundation will not exceed \$700,000.
- Park's capital budget is nonlapsing.
- Mineral Lease funds are nonlapsing.
- Cooperative Water Conservation program funds are nonlapsing.
- Funds appropriated to Water Rights are nonlapsing up to a maximum of \$150,000. These funds are to be used for water resource investigations, special projects, computer equipment, computer software, and employee training and incentives.
- Prior-year federal funds in the Dam Safety program are nonlapsing.

Agriculture and Food

- Funds for the Grain Inspection program are nonlapsing.
- The Auction Market Veterinarian collection is nonlapsing.
- Funds collected in the Organic Certification program are nonlapsing.
- Funds for the Agricultural Inspection program are nonlapsing.

- Funds for grants to charitable organizations specified under Section 57-18-3, UCA, or held by Agriculture, will be used for purchase of conservation easements for agricultural protection. These funds are nonlapsing.
- DWR will transfer \$189,700 General Fund to Agriculture. Of this transfer, \$89,700 will be used to match funds from local governments in the Predatory Animal Control program, and \$100,000 will be used to supplement the amount required by Section 4-23-9(2)(a), UCA. These funds are nonlapsing.
- Funds for Predatory Animal Control are nonlapsing.
- Collections for the Ag Tag license plate are nonlapsing.
- The Soil Conservation Districts will submit annual reports documenting supervisory expenses to the Office of the Legislative Fiscal Analyst, the Governor's Office of Planning and Budget, and the Soil Conservation Commission. These documents will be reviewed and reported to the governor and the legislature.
- Funding approved for Soil Conservation District elections is nonlapsing and will be spent only during even-numbered years when elections take place.

Utah State Fair Corporation

- Funds for the Utah State Fair Corporation are nonlapsing.

PUBLIC EDUCATION

Where Will My Taxes Go for Public Education? (Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$2.1 billion for the Minimum School Program

- 486,938 students in K-12
- Provides 40 school districts funding based on enrollment, student, district, and taxpayer characteristics

\$22 million (state funds) for the Utah State Office of Education

- Provides implementation support for school districts concerning federal and state mandates
- Acts as the fiduciary agent in the disbursement of federal funding to local school districts

Utah's National Assessment of Educational Progress Fourth Grade Reading Results

Governor's Recommendation Highlights (All Funding Sources)

- \$36 million - WPU increase of 2.54%
- \$21.2 million - Retirement and Social Security growth and rate adjustments
- \$25 million - Performance Plus Reading Achievement (also \$5.0 million in one-time funds)
- \$2.6 million - Charter school growth (also \$0.9 million FY 2004 supplemental)
- \$24.2 million - Enrollment growth

Projected Annual Public Education Student Growth

BUDGET OVERVIEW

Public Education consists of the Utah State Office of Education, Utah Schools for the Deaf and the Blind, Utah State Office of Rehabilitation, and 40 school districts that comprise 800 schools filled with 486,938 students. The Utah State Board of Education provides policy and fiscal oversight for the agencies and school districts.

For FY 2004 the legislature appropriated \$2,352,422,400 of total funding to all agencies within public education. Of that amount \$254,900 is General Fund and \$1,677,746,900 is Uniform School Fund. The governor recommends \$2,505,160,900 as the total appropriation for FY 2005, including \$254,900 from the General Fund and \$1,786,657,500 from the Uniform School Fund.

From the original FY 2002 appropriation through FY 2004, the legislature has cut \$60,530,800 from the agencies' and school districts' budgets. This represents a 3.6 percent budget reduction overall from the original FY 2002 ongoing budget. Consequentially, programs and services have been either eliminated altogether or reduced. Examples include the Families, Agencies, and Communities Together (FACT) program, which brought several agencies together to identify and help at-risk children. Resources for quality teaching were reduced by \$5,000,000 during FY 2003. The capital outlay program was cut a total of \$11,069,100 in ongoing funding. The Fine Arts and Sciences program was reduced \$493,200. Though directed in statute to provide increases in funding according to enrollment growth, the legislature has not provided any recent funding for class size reduction.

Increases to the value of the Weighted Pupil Unit (WPU) have not kept pace with inflation, much less the rising costs of insurance. Teacher salaries continue to lag behind those of other professionals. Administrative, staff, and teacher positions have been cut in order to balance rising costs

with limited fiscal resources. According to Education State Rankings 2002-2003, Utah has the highest pupil-teacher ratios (22 students per teacher), is tied for last in the nation with three other states for the lowest percent of staff working in district administration (0.3 percent), and pays \$44 per student in administration costs, which is the lowest in the nation (national average is \$137 per pupil). To further illustrate Utah's characteristically strong fiscal management, construction of schools in this state is on average \$36 per square foot less than the average costs of construction of recent state buildings. Utah also ranks 41st (\$563 per pupil) in the nation, spending 59 percent of the national average (\$953 per pupil) on capital expenditures.

The Stanford Achievement Test, ninth edition, is a nationally normed test to compare the achievement of students against their peers. The subtests include curriculum areas such as math, language, science, and social studies, among others. Generally, Utah students perform either at the 50th percentile or slightly above average. Based upon Fall 2002 results, Utah students need to improve language skills such as grammar and listening. On the language subtest, fifth graders performed at the 50th percentile while eighth and eleventh graders performed at the 47th percentile. Reading results showed Utah fifth graders performing better than 49 percent of their peers nationwide while eighth and eleventh graders fared at the 51st and 55th percentiles respectively. Overall, the state's students performed best on the math subtest scoring at the 49th, 56th, and 68th percentiles in the fifth, eighth, and eleventh grades.

Given the fiscal environment of Utah schools, ranked 51st in the nation (including the District of Columbia) in per pupil spending, Utah test scores speak to the quality of education in the state. Per pupil expenditures are at all-time highs for the state, but still fall approximately \$500 short of the next closest state. As a state, improvement is needed in some areas such as in some student subgroups; nevertheless, Utah's System of Public Education is not broken. Utah school districts and students perform well despite the systemic fiscal constraints.

GOVERNOR'S RECOMMENDATIONS

Utah State Office of Education

Uniform School Fund

- Current charter school enrollment is expected to increase, placing additional demands on the office's staff. The governor recommends an increase of \$100,000 in ongoing funds for a charter school specialist.

Minimum School Program (MSP)

Uniform School Fund

- A projected increase of 7,160 students is to be fully funded at \$24,192,200 in ongoing funds. This state cost will be defrayed by property tax growth, accounting for \$6,126,600 of the total cost. The net cost to the state will be \$18,065,600.
- In response to additional growth, the governor recommends \$843,700 ongoing funds for the Pupil Transportation program.
- Public education retirement rates will increase approximately 14.4 percent, which equates to \$21,150,800 in ongoing funds. Additionally, the governor recommends that the retirement and Social Security programs be compensated for the additional growth. This amounts to \$2,176,700 in the retirement fund and \$1,314,400 for Social Security.
- The governor recommends \$2,256,200 to cover charter school growth.
- Due to the expansion of the charter school program, a supplemental of \$900,000 is provided for FY 2004 to offset charter school operational costs.
- To fund current Adult Education needs, \$2,604,200 is recommended in ongoing funds.

- Increased numbers of students in the Youth-in-Custody program necessitates an additional \$1,100,000 in ongoing funds.
- The governor recommends that the state match to the Board and Voted Leeways program continue at the FY 2004 level.
- School Permanent Trust Fund interest is expected to increase \$200,000 for FY 2005. Total revenues for the trust fund need to be adjusted downward \$1,250,000 and \$1,050,000 for FY 2004 and 2005 respectively, due to less than projected growth. The new total revenue amounts for FY 2004 and 2005 are \$8,800,000 and \$9,000,000.
- One-time funds of \$5,000,000 for FY 2005 are recommended to reimburse teachers for the purchase of classroom supplies.
- The governor recommends that an FY 2004 supplemental of \$5,000,000 and an ongoing FY 2005 allocation of \$25,000,800 be provided for Performance Plus to establish a first through third grade reading program. The express purpose of this program is to identify and intervene on behalf of those students whose reading skills are not at grade level. Distribution of funds should provide an equitable base for every district but, more importantly, direct most support to districts with higher proportions of children not reading at grade level.
- Charter school enrollment growth is projected to increase 1,370 students. This growth will cost \$2,256,200.
- The governor recommends that the value of the WPU be increased by 2.54 percent from \$2,150 to \$2,206, or \$36,009,600.

Where Will My Taxes Go for Public Safety?

(Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$9 million for Commissioner's Office

\$13 million for Emergency Management

- Trained 861 first responders

\$6 million for Peace Officer Standards and Training

- Inservice Training taught 2,427 officers

\$16 million for Criminal Investigations and Technical Services

- 64,000 background checks on gun buyers
- 8,374 crime lab cases

\$19 million for Driver License

- 381,000 licenses issued

\$37 million for Highway Patrol

- 1,500 DUI arrests
- 1,500 drug arrests
- Seized \$400,000 in drug-related cash
- Crashes down 6% and fatalities down 2.5%

\$4 million for Highway Safety Office

- Issued 4,200 child safety seats to needy families

\$8 million for other services

Enforcement Increases Seat Belt Usage in Utah

Governor's Recommendation Highlights

(All Funding Sources)

- \$107,900 for a Criminalist and a Questioned Documents Examiner
- \$760,200 for building leases
- \$3,599,400 increase in Federal Funds
- \$1,338,500 increase in Dedicated Credits

Drugs Taken Off Utah's Highways

BUDGET OVERVIEW

The Department of Public Safety (DPS) provides quality services to ensure a safe society and to protect the rights of Utah's citizens. For FY 2004 DPS was appropriated a total of \$101,903,800, with \$43,567,900 from the General Fund. For FY 2005 the governor recommends that DPS receive \$111,718,700, with \$46,232,100 from the General Fund. As shown on the pie chart on the previous page, the largest component of DPS's budget is the Utah Highway Patrol. About 72 percent of that program's budget comes from the General Fund.

From the original FY 2002 appropriation through FY 2004, DPS has experienced \$2,743,200 in cuts to its programs. These cuts are 5.9 percent of DPS's budget from the original FY 2002 ongoing budget. As a result of these cuts, equipment purchases have been delayed or cancelled, training has decreased, and some programs have not been fully staffed.

Troopers' wages have lagged significantly behind the wages of officers working for cities and counties. At the same time city and county employees have received wage increases, escalating the discrepancies in wages.

GOVERNOR'S RECOMMENDATIONS

General Fund

- Provide Criminal Investigations and Technical Services with \$107,900 for a criminalist and a questioned documents examiner. These two positions will contribute to more timely and successful prosecution of cases.

- Provide \$412,800 for building leases. Provide an FY 2004 supplemental of \$347,400 for building leases. These funds will cover unfunded increases in leases.
- Provide an FY 2004 supplemental appropriation of \$500,000 for in-car technology and equipment. In-car technology enables troopers to reduce their obligated time by 40 percent.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds appropriated to DPS are nonlapsing.
- DPS may expand the fleet if funding is provided through federal aid or other sources for special programs or projects. Fleet vehicles obtained under this intent language will not be eligible for replacement using General Fund borrowing capacity held by the State Division of Fleet Operations. Any expansion vehicles obtained during the interim under this intent language shall be reported to the legislative fiscal analyst.
- Funds appropriated to equip police vehicles are nonlapsing.
- DPS is authorized to advance officers to the Senior Trooper III level from existing appropriations and/or savings.
- Receipts above the appropriated dedicated credit amount of reimbursable flight time for DPS aircraft are nonlapsing and are to be used for major aircraft maintenance.

TRANSPORTATION

Where Will My Federal and State Fuel Taxes Go for Transportation? (Figure Based on FY 2005 Funding)

Cumulative Total of Sales Tax Used For Transportation Since FY 1991

Includes General Fund appropriations, 1/64th cent Olympic sales tax, and 1/16th cent sales tax for class B and class C roads.

Governor's Recommendation Highlights (All Funding Sources)

- \$5.0 million in savings through efficiencies
- \$1.0 million for additional lane miles maintenance
- \$59.6 million reduction in General Fund for Centennial Highway Fund offset by a \$15 million one-time FY 2005 increase

Highlighted Services

(Including the Governor's Recommendations)

\$534 million for Transportation

- Maintains over 6,000 miles of state highways
- 70 percent of all travel miles are on state roads
- Deploys about 130 snowplows along the Wasatch Front during a major snow storm
- Maximizes transportation efficiency through intelligent transportation systems
- Designs and oversees construction of highways
- First state to offer 511, a free travel information phone number
- Oversees 51 airports

Vehicle Miles Traveled in Utah (Percentage Increase Since 1992)

BUDGET OVERVIEW

The mission of the Utah Department of Transportation (UDOT) is to provide quality transportation today and better transportation tomorrow by taking care of current roads, making the highway system work better, improving safety, and increasing road capacity.

For FY 2004 the legislature appropriated \$223,728,300, including \$156,915,500 in Transportation Fund, to the UDOT operations budget. For FY 2005 the governor recommends that UDOT operations receive \$221,704,200, with \$154,877,200 from the Transportation Fund.

As shown on the pie chart on the previous page, about one-third of state fuel taxes and federal transportation dollars (collected federal taxes redistributed back to the state) are used for operations and maintenance. Funding appropriated to the Construction program or Centennial Highway Fund are used for state highway construction. Funds in the class B and class C roads account are passed to local and county governments for their highway needs.

As shown on the bar chart on the previous page, annual vehicle miles traveled on Utah highways increased by over 50 percent between FY 1992 and FY 2002, from 16.3 billion to 24.4 billion miles. This increase has placed a tremendous strain on an already congested highway system. Unfortunately, Transportation Fund revenues are projected to grow only 1.7 percent for FY 2004 and 1.5 percent for FY 2005. This growth will be used to cover employee benefit increases and other necessary operational expenses, leaving few additional dollars available to increase funding for highway construction.

Since FY 1997 highway construction has been supplemented with large amounts of sales tax dollars. This is illustrated by the bar chart on the previous page, which shows cumulative sales tax dollars used for transportation since FY 1991.

Sales taxes used for transportation have reduced the funding available for public education, higher education, and other areas. Governor Walker recommends that these sales tax dollars be allocated to the General Fund.

GOVERNOR'S RECOMMENDATIONS

Transportation Fund

- The department established a large number of quality improvement teams to evaluate every function within the department to find efficiencies. As a result of this effort, the department reduced its operating budget by \$2,221,700 in FY 2004 and \$5,000,000 in FY 2005 and reduced full-time equivalent positions (FTEs) by 100, although most of these positions were currently vacant. These operational savings will be used for new road construction.
- Increase ongoing funding in Maintenance Management by \$964,900 for increased costs associated with 482 additional lane miles on state highways.
- Fund a \$300,000 supplemental for FY 2004 and a one-time increase of \$325,000 in FY 2005 for research, testing, and equipment that will improve pavement efficiency. Increasing pavement efficiency is estimated to save the state millions of dollars annually by constructing more economical and longer lasting pavements.

General Fund

- To restore the integrity of the General Fund, the governor recommends eliminating the ongoing appropriation to the Centennial Highway Fund of \$59,594,700 offset by a one-time increase of \$15,000,000.
- To restore the integrity of the General Fund, the governor recommends allocating to the General Fund the state's portion of the sales tax originally used for Olympic facilities and currently going to the Centennial Highway Fund of \$5,100,000.

- To restore the integrity of the General Fund, the governor recommends allocating \$18,743,000 of the 1/16th cent sales tax designated for roads back to the General Fund. This will reduce funding to the class B and class C roads account by \$17,618,400, the State Park Access Highway Improvement Program by \$562,300, and the Transportation Corridor Preservation Loan Fund by \$562,300. The Transportation Corridor Preservation Loan Fund will continue to receive \$3,500,000 annually from the rental car tax.
- The governor recommends issuing \$102,000,000 of general obligation bonds for the Centennial Highway Fund.

FY 2004 PROPOSED LEGISLATIVE INTENT

- Funds for Support Services, Engineering Services, Maintenance Management, Region Management, Equipment Management, and Aeronautics are nonlapsing.

FY 2005 PROPOSED LEGISLATIVE INTENT

- Funds for Support Services, Engineering Services, Maintenance Management, Region

Management, Equipment Management, and Aeronautics are nonlapsing.

- Any and all collections or cash income from the sale or salvage of land and buildings are to be lapsed to the Transportation Fund.
- Any surplus in the Transportation Fund not otherwise appropriated may be used by the department for the construction, rehabilitation, and preservation of state highways in Utah. The appropriation shall fund: first, a maximum participation with the federal government for the construction of federally designated highways as provided by law; next, the rehabilitation and preservation of state highways as provided by law; and last, the construction of state highways as funding permits.
- The number of FTEs for field crews may be adjusted to accommodate the increase or decrease in the federal construction program. No portion of the money appropriated by this item shall be used either directly or indirectly to enhance or increase appropriations made to the department for other purposes.

- Capital facility projects recommended for FY 2005
- Debt service table showing three-year comparisons
- Bonds outstanding

CAPITAL BUDGET AND DEBT SERVICE

Where Will My Taxes Go for Capital Budget and Debt Service? (Figure Based on Total FY 2005 Funding)

Highlighted Services

(Including the Governor's Recommendations)

\$44 million for Capital Improvement Projects

- The state owns approximately 38.7 million square feet of facility space worth over \$4 billion
- Facility condition assessments conducted by independent professionals have identified over \$1 billion in repairs to buildings that need to be addressed over the next ten years

\$311 million for Transportation Capital

- Major construction or reconstruction of state highways
- 482 additional miles were added to the state highway system in FY 2003

\$269 million for Debt Service

- The state has a triple "A" rating on general obligation bonds from Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings; and a double "A" rating on revenue bonds from Moody's Investors Service and Standard and Poor's Corporation

Allocation of Capital Improvement Funds (Five Year Average)

Law and order includes Corrections, Courts, National Guard, and Public Safety.

Governor's Recommendation Highlights (All Funding Sources)

- \$14.5 million federal and restricted funds - National Guard Total Army School System barracks and Logan employment center
- \$59.6 million - Eliminate ongoing General Fund to Centennial Highway Fund
- \$163.2 million general obligation bonds - Oxbow Prison, Capitol renovation, and highways
- \$16.9 million State Building Ownership Authority revenue bonds - 6 state facilities
- \$33.8 million - Debt service budget increase (also \$5.5 million FY 2004 supplemental)

FY 2005 Debt Service Expense

**Paid from an escrow account funded by SLOC.*

BUDGET OVERVIEW

The capital budget includes acquisition, development, construction, and improvement of fixed public assets.

CAPITAL FACILITIES BUDGET

Capital developments include any of the following: 1) a re-modeling, site, or utility project costing \$1,500,000 or more; 2) a new facility with a construction cost of \$250,000 or more; or 3) a purchase of real property where an appropriation is requested to fund the purchase.

Capital improvements are major remodeling, alterations, replacement, repairs, or improvements of fixed capital assets costing less than \$1,500,000. State law requires annual capital improvement funding to be at least 1.1 percent of the estimated replacement cost of all state facilities. If an operating deficit exists then the requirement for annual capital improvement funding is 0.9 percent of the estimated replacement cost of all state facilities. For FY 2005, this amount is \$53,750,000 at 1.1 percent and \$43,977,000 at 0.9 percent. The Utah State Building Board allocates capital improvement funds to priority projects.

DEBT SERVICE BUDGET

The Utah Constitution Article XIV, Section 1 limits general obligation debt to 1.5 percent of the total fair market value of taxable property. As of December 1, 2003, the state's total outstanding general obligation debt is \$1,596,480,100 which is below the constitutional debt limit by \$965,159,000.

Section 63-38c-402, UCA, further limits outstanding general obligation debt to no more than 20 percent of the maximum allowable limit on appropriations from the General Fund, Uniform School Fund, and Transportation Fund, less debt service.

Considering \$984,062,900 of transportation bonds are exempt from this limit, the state's net outstanding general obligation debt is below the appropriation debt limit by \$248,734,700.

Because of the state's sound debt administration, the state continues to enjoy a triple "A" rating on general obligation bonds from Moody's Investors Service, Standard and Poor's Corporation, and Fitch Ratings; and a double "A" rating on revenue bonds from Moody's Investors Service and Standard and Poor's Corporation. These are the highest credit ratings available and save the state millions of dollars of interest on general obligation and revenue bonds.

GOVERNOR'S RECOMMENDATIONS

Governor Walker recommends a total FY 2005 capital budget of \$407,827,400 and debt service budget of \$269,328,900. Please see the capital facilities table that follows for the list of the projects recommended by the governor.

Department of Administrative Services Capital Facility Projects Budget

General Fund/School Funds

- Recommend a \$1,851,700 ongoing General Fund reduction to the Department of Administrative Service's (DAS) capital budget for capital development projects. Funding for capital development projects will come from one-time funds or from issuing bonds.
- Recommend capital improvement funding at 0.9 percent of the estimated replacement cost of all state facilities.

Other Funds

- Recommend general obligation bonds of \$61,203,000. This includes \$50,000,000 of the \$185,000,000 needed to complete the restoration of the Capitol. The remaining \$11,203,000 is to purchase the Oxbow Jail and neighboring

homes and to perform a limited amount of remodeling to convert the jail to a 550 bed women's prison. The purchase is conditional upon support of the government and the community of the city of South Salt Lake.

- Recommend State Building Ownership Authority (SBOA) revenue bonds of \$16,859,000 for capital facility projects. Please see the capital table that follows for a list of the projects recommended by the governor.

Transportation Capital Budget

General Fund

- To restore the integrity of the General Fund, the governor recommends eliminating the ongoing appropriation to the Centennial Highway Fund of \$59,594,700 offset by a one-time increase of \$15,000,000.

Other Funds

- Recommends issuing \$102,000,000 of general obligation bonds for the Centennial Highway Fund.

Debt Service Budget

General Fund/School Funds

- Recommend a \$4,887,900 one-time and a \$1,530,600 FY 2004 supplemental state funds increase to the debt service budget. The increase is due to additional bonds authorized during the 2003 General Session.

Other Funds

- Recommend a \$27,646,300 ongoing and \$1,796,800 FY 2004 supplemental Centennial Highway Fund (CHF) increase to the debt service budget. The increase is from additional principal payments being made on outstanding CHF bonds.
- Recommend a \$2,190,300 ongoing and \$2,220,700 FY 2004 supplemental increase from the Public Transportation System Tax Highway Fund to the debt service budget. The increase is due to additional bonds authorized during the 2003 General Session for Salt Lake County projects.
